

Engineer 1/c William G. Humphreys Jr., center, receives congratulations from Chief Boatswainmate Kent G. Flowers, as he takes over command of the U. S. Coast Guard boating safety detachment in this area from Flowers. Looking on is BM/3 James Thatcher.

# Antioch To Have New Ben Franklin Store

A new Ben Franklin Store, costing an estimated half million dollars, will be constructed on Lake Street, north of the State Bank of Antioch.

Construction of the new variety store which is expected to produce about \$15,000 to \$20,000 in sales tax annually, was made possible Monday night when the Antioch Village Board approved a rear yard variation on recommendation of the Zoning Board of Appeals.

The building will be built on 29,000 square feet. Homes currently on the property will be razed, it was announced at Monday night's village meeting.

"This project is a reality," said Ted Larson, attorney representing Chester Dubas, who operates the Ben Franklin Store. "We have the financing and we'll be

ready to break ground for the project in about two weeks."

Under the variation allowed, there will be parking in front of the store as well as entrance from both the front and rear of the proposed building.

The village vote on the variation was 6 to 0.

In other developments, the application of Sam Esposito for a permit to install a mobile trailer to operate a drive-in restaurant between the filling station and the Anderson Auto Sales was denied by the village board.

The board turned down Esposito on the recommendation of the license committee headed by Trustee George Bartlett.

"We have carefully considered this application," said Bartlett, "but in the best interest of the board we must deny it."

Bartlett did not spell out what he meant by "best interest" and neither was he queried by Esposito nor members of the board as to what was the actual meaning involved.

"I guess, Sam, you'll not be able to go into the 'hot dog' business," Village Mayor Raymond Toft said.

"I'll be allowed if I go in with a building?" Esposito wanted to know.

It all depends on whether the building meets the zoning requirements," the mayor pointed out.

The mayor added that he had contacted Antioch High School officials about the mobile unit and he had learned from them it would pose a problem.

A request was made to blacktop the parking area and the section near the swimming pool.

No action was taken, although Mayor Toft said, "We'd like to take care of the entire area, but there are some water problems at the lower section which must first be corrected before this is done."

He added that the high spots of the park possibly could be blacktopped.

The board approved a contract for two years of renting out the rear part of the new Antioch Police Building to Antioch Township at a monthly fee of \$200.

"We're not using this section," the mayor said. "We don't expect to use it for about two years, but in the meantime, we'll be getting some revenue for the unused part."

The contract begins May 1.

The M&S Construction Co. of Geneva was awarded the contract to install the sanitary sewer and water line on Rte. 173 which will connect with the new Upper Grade School now under construction.

The firm, the lowest of a half dozen bidders, filed an estimate of \$74,939 two weeks ago.

Cost of constructing the sanitary sewer and water line to the village will amount to \$31,639 since it has received \$35,000 from the grade school district and \$3,300 from persons interested in developing a 200 acre tract in the area.

The \$8,300 is a letter of credit on file at the State Bank of Antioch.

Included also in the village cost is \$10,326 for a 15 inch storm sewer line.

An ordinance was adopted annexing four homes and a vacant lot on the east side of Rte. 83, south of Rte. 173. The vote was unanimous.

The Chamber of Commerce has queried the village as to 24-hour dispatching by the police department. "The cost would be prohibitive," the mayor wrote the chamber based on a survey.

The board agreed to renew its membership with the Northeastern Illinois Planning Commission at a yearly fee of \$25.

The board also approved the purchase of a \$50,000 treasury bill which will be sold April 30 and then combined with other funds totaling \$100,000 to be invested on the local level (one of the banks for a greater interest return than is available by treasury bills).

The per cent to be earned locally is 7 1/2 per cent and will have to be on deposit for one year, it was said.

Mayor Toft signed a proclamation with the approval of the board urging residents to support this month the current fund drive being conducted by the American Cancer Society.

Village Attorney Edward Jacobs has requested the Illinois Department of Public Buildings provide a breakdown on the village and state's share of the cost in connection with improvements from Rte. 83 to Rte. 173.

"We're not going to be pushed around by the state," Jacobs said, "we'd like to know what the cost is to the village and to the state."

He added that some of the improvements made by the state have not been satisfactory based on inspection by Antioch officials.

Some of the items not approved by the village will be forwarded to the state, Jacobs said.

The board approved the purchase of lettering to identify the new police department building on Main Street at a price of \$99.50 from Nu Lite on Grand Avenue, Waukegan.

The March police report showed there were 107 parking violations issued, with 92 of them paid. There were 41 traffic citations issued, and two non-traffic arrests.

The police investigated 11 accidents in addition to 16 incidents of burglary and theft, three vandalism cases, and four juvenile cases.

There were six fire calls in the village with a loss of \$100, and 19 in the district with damage estimated at \$1,300. District fires included 14 calls to put out grass fires, three car blazes and two miscellaneous.

An estimate will be obtained on the cost of installing 400 feet of storm sewers to correct a flooding condition on the north end of Main Street.

Meeting as a Board of Local Improvements, a date of May 12 was set to conduct a public hearing on a special assessment to cover cost of installing sewer and water lines on Drom Court.

ANTIOCH, ILLINOIS, THURSDAY, APRIL 9, 1970

VOL. LXXXIV. NUMBER 42

### Antioch Meeting Tuesday

Illinoisans are on the verge of some far-reaching changes in County Government that are bound to increase your property taxes, unless you act now to demand a delay, according to Lloyd E. Murrie, Supervisor of Antioch Township.

At your Annual Meeting, scheduled for 2:00 p.m. Tuesday, April 14, 1970 at the Antioch Fire Station, you will have an opportunity to voice your protest against these changes by adopting a resolution asking the State legislature to delay implementation of a bill already passed in the last General Assembly which deprives your township of representation on the County Board of Supervisors.

The Township form of government has helped provide protection of taxes on property for 350 years and we cannot afford to give up any protection of this kind, Supervisor Murrie says.

County budgets have been kept in line through the Boards of Supervisors but the new law does away with the Boards of Supervisors—your time honored protection against runaway county budgets.

At the Town meeting coming up on April 14, you, as a citizen, have a right to attend and vote your own interests. You do not have to have a representative voting for you. That is why this meeting and the proposed resolution are of such importance, Murrie says.

After you have passed this resolution, Supervisor Murrie asks that you follow up and write or call your State Representatives and State Senator and also all the candidates seeking these offices and absolutely demand they support the retention of the County Boards of Supervisors.

### Lake County Residents Buy Bonds

Lake County residents purchased a total of \$589,606 in series E and H bonds and Freedom Shares in Feb. according to Richard F. Kennedy, Waukegan and Richard D. Newland, Waukegan, Ill. county chairman of the savings bonds committee.

Sales in the state of Illinois were over one million dollars a day for a total of \$28,199,303 according to Clarence S. Sochowski, market director of the Treasury's savings bonds division. This is 9.1 percent above sales in Feb. last year and close to Jan. sales which totaled \$28,493,666.

Illinois sales represented 6.8 per cent of the national total of \$414 million.

### Thiele Gets Post

Eugene L. Thiele, a graduate of Antioch Community High School and of the Milwaukee School of Engineering in 1969 in Electrical Engineering, has been employed by the Dynaparc Corporation of Gurnee, as a Design Engineer.

He is one of 38 of 50 graduates of Milwaukee School of Engineering this past year who have been successfully placed following their graduation.

### 16 County Artists Show Works

The best works of sixteen Lake County artists will be on display as a special exhibit in connection with the dedication and opening of the new courthouse complex April 11-12.

Mrs. Robert Snook, chairman of the Art League committee which schedules the continuing one-man shows in the lobby of the county administration building, said the paintings will represent artists from all geographical areas of the county.

Also on display will be photographs depicting the two previous county courthouses, construction of the new complex, sketches of original plans and other public buildings in the region.

Senator Ralph T. Smith (R-Ill.) will deliver the dedicatory address during the ceremony, which begins at 2 p.m. Saturday, April 11. The Great Lakes Blue Jacket Choir and state champion Warren Township High School Band will provide entertainment. Dignitaries from around the state are expected to attend the function, and

### Chamber Committees Selected

The Antioch Chamber of Commerce has named its committees for the year.

They include: Public Relations — Publicity: Gordon Cornelius, Chr.; Ron Polson

Retail Sales: Ray Jensen and Stan Toton, Co-Chr.; George Black, Dick Erickson; Lillian Hunter

Membership & Dues: Pres Reckers, Chr.; Joe Beemsterboer; Dr. Al Bucar; Jim Yamamura

Christmas: Rick Koenig and Bill Mendrala, Co-Chr.; Bob Callaway, Dick Ford, Earl Stritzel

Membership Luncheons — Social: John Romer, Chr.

Installation Dinner-Dance: Pete Cleven, Chr.; James Dayton; Elaine Olson, Doug Olson, Jolly Romer

Community Pride & Beautification: Jay Dziki, Chr.; Bill Schroeder, Dr. Robt. Sven

Budget & Finance: Russ Barnstable, Chr.; Jack Fields; George Hahn

Ways & Means: John Lear, Chr.; Pete Pickard; George Hall, Jr.

Civic Improvement: Ray Scarpelli, Chr.; Doug Olson; Tobie Tobieski

Community Brochure: Irv Walsh, Chr.; Al Swan

Taxation, Legislation, Political Action: Grant Spong, Chr.; Carl Abbott; Adam Adams; Dr. Al Bucar; Gus Costoff; Chuck Dongfrio; Jack Fields; George Hahn; Edw. Jacobs; Walter Kozio; Ev Ofstedahl; Bill Schroeder; Al Swan

Education: Jim Lumber, Chr.; Ray Toft; Ken Wierschem

Community Coordinating: Pete Cleven, Chr.; Bob Schroeder

Pollution Control: Bill Seeman, Chr.; Chuck Donofrio

Special Committee: Christmas Parade — Doug Olson, Chr.

open house in the administration building, courts section and jail.

Hours of the open house are: 2:30-5:00 p.m. April 11, and 10:00 a.m. - 5:00 p.m. April 12. Employees of the county will man the various offices to explain procedures involved in county government.

A large crowd is expected since this is the first opportunity for the general public to see the newly completed courts building and tour the jail.

Free parking in municipal lots adjacent to the complex will be provided both days through the courtesy of Waukegan city officials.

A design hearing for Belvidere Road (Rte. 120) between Rte. 41 and the Illinois Tollway west of

### Heating, Plumbing Featured

Activities of the Plumbing & Heating Contractors Association of Lake and McHenry Counties are highlighted in the March issue of Contractors Magazine, a national trade publication of the construction industry.

The article written by David Wilkes, of the Contractor staff, was based on an interview with Association President Lester E. (Ozzie) Koetz, of Koetz & Barton, Zion, during the recent state convention of the Illinois Association of Plumbing-Heating-Cooling Contractors.

In the interview Koetz discussed the efforts of the Association in implementing the Illinois Plumbing Contractors Certification Law in the Lake-McHenry area by urging communities to adopt a local ordinance which would limit the issuing of plumbing permits to plumbing contractors certified under the state law.

"We feel that the public health can be best safe-guarded through the installation of properly designed plumbing systems by bonded and certified plumbing contractors," Koetz said.

"Waukegan and Highland Park have already adopted such a local ordinance and we hope other communities in our area will follow suit," Koetz stated.

The magazine article also praised the efforts of the Lake-McHenry Association in recruiting minority group members into the plumbing trade.

"The Plumbing and Heating Contractors Assn. of Lake and McHenry Counties has actively recruited minority group members through area-wide news releases, radio programs, appearances at high schools and through the NAACP, the Urban League and Spanish-speaking organizations," Koetz explained.

"As a result of these efforts we have been able to start two young men in the plumbing apprenticeship program," the association head revealed.

The Contractor article also reported that a resolution submitted by the Lake-McHenry Association calling for a study of the advisability of placing all plumbing licensing and inspection under the state health department was the only resolution adopted at the state meeting.

Waukegan is tentatively scheduled for 10 a.m., Tuesday, May 5 in the Waukegan Public Library.

The hearing, open to the public, was called by the Illinois Division of Highways and will concern itself with proposed improvements in the vicinity of the new Lakehurst shopping center now under construction on the southwest corner of Belvidere and Waukegan roads.

Improvements under consideration include access and egress roads to the multi-million dollar shopping center, which is expected to draw approximately 30,000 cars per day when completed next year. Lakehurst will be one of the largest retail complexes of its type in the Midwest.

Kenneth E. Welton, Lake County superintendent of highways, says a preview of state proposals regarding the Belvidere Road improvements will be given to members of the County Board of Supervisors and its highway committee.

(Continued on page three)

### You Can Still Mail-In Your Census Forms

If you have not mailed back your census form, do it today. It's not too late to be counted in the 1970 Census of Population and Housing, according to Harold H. Hertzberg, District Manager of the census in this area.

Although the Census Bureau wanted the forms returned on April 1, the District Manager says his office will still accept them. However, if all forms sent to households are not returned shortly, it will be necessary for census takers to call and pick up those not returned, thus adding to the cost of the census.

The District Manager adds a word of caution to those who have not filled out their census forms. The census is meant to take a count of everyone on a specific date, April 1. If someone has moved into your household since that day, he should not be listed on your form. If someone has moved away since then who was a resident on April 1, he should be listed.

Most questions will be answered by blacking in, small circles with an ordinary lead pencil. And if you refer to the yellow sheet of instructions that came from the form, you will find it a simple task. There is a brown envelope, already addressed and requiring no postage, for mailing it back.

### PM&L Seeks Players

Palette, Masque & Lyre, Inc., Antioch's Community theatre group, has announced that audition dates for their July Musical Comedy, "The Apple Tree," will be held April 9, 10 and 11 at 8 p.m.

The Apple Tree recently enjoyed a long run at the Candlelight Theatre in Chicago and was directed on Broadway by Mike Nichols. Music is by Jerry Bock and lyrics by Seldon Harnick.

Actors, dancers, singers, and technicians are all needed. Ken Smouse, director of the show, announces that there is also a possibility of additional summer productions that might be of interest to those auditioning.

### 'Jeed' To Be Feted

The Antioch chapter of the American Field Service is busy planning a Deluxe Dessert Buffet to be given in honor of its foreign exchange student Pratchya (Jeed) Rokchartchareon on Friday, April 17 at 7:30 p.m. in the Antioch High School cafeteria. The public is cordially invited to attend.

In about three months, Jeed will be going back to Thailand with much to tell his family and friends about his year's stay in the United States, under the American Field Service scholarship program. Many people have not had the pleasure of meeting Jeed or of seeing his beautiful slides of Thailand. There will be an opportunity to do so on Friday, April 17, and to wish him well. All guests will be invited to sign Jeed's guest book which will be on the Thailand display table that night. The Toepfers will be on hand to tell what it has been like to have a Thai teenager as part of their family these many months.

A variety of delicious desserts are being donated by friends of A.F.S., and students will pour coffee and tea while guests enjoy the program. Entertainment will be supplied by the A.C.H.S. choral group, The Madrigals, under the direction of Ralph Brooke. Also Wendy Jensen and Cheri Dalgard will sing and play their guitars. A.F.S. promises a pleasant evening for all who attend.

### Antioch High On Television

Providence of New Lenox, Eisenhower of Blue Island, and Antioch High Schools comprise the panel for "It's Academic" Saturday, April 11 (WMAQ-TV, Channel 5, 2:30 to 3:00 p.m. CST) (Color).

The students, having to answer questions on current events, history, sports, mathematics, etc., are quizzed by "It's Academic" host and quizmaster, Ed Grennan.

Providence High School of New Lenox, will be captained by Don D'Amico and joined by teammates Tom Lesniewski and Doug Tibble.

Captain Lorraine Olley is joined by Linda Hockberger and Ryan Ward for Eisenhower High School of Blue Island, Ill.

Representing Antioch Community High School will be team captain Avis Minger and teammates John Prossie and Jim McDowell.

Jim Post, organist and a sophomore at Lyons Township High School will provide the halftime entertainment with his selection, Staccato in D Minor by Bach.

"It's Academic," regularly seen at 5:00 p.m., will be telecast at 2:30 to 3:00 p.m. this date only due to NBC-TV's Major League Baseball "Game of the Week."

### Four School Board Contests Saturday

Four of six school board elections will have to the polls Saturday in the Antioch area.

In the Emmons Grade School district, a three-man board will be increased to seven, because voter registration in the district has passed 1,000.

In this district, voters will select seven of nine candidates. They include incumbents Dr. Alan L. Thain and Richard C. Ruck; others are Dan Maras, Harold P. Wilson, Ruth A. Duha, James R. Hazleton, Delores Bowers, Richard Dubek and Jack E. Bodin.

The seven winners will draw lots for two one-year terms, two two-year terms, and three three-year terms. Lake County School Superintendent W. C. Petty will conduct the first meeting.

In the Antioch Grade School district, four persons are seeking two posts.

Running are incumbents R. Wayne Polsgrove and Mrs. Joan Toft, along with Gerald VanderMeer and John Heick. The winners will serve three-year terms. Only one candidate came forth

### Seven In Race For St. Peter School Board

Seven candidates are in the running for two school board posts at St. Peter's Grade School. The election will be held on April 18 and 19 following all Masses.

The candidates include Thomas F. Haley III, of 664 Main St., Antioch; Frederick J. Walpole, of 513 Garys Drive, Antioch; John B. Bellucci, M.D., of Lotus Avenue, Antioch; Richard J. Daniel, of 484 Lake Street, Antioch; Mrs. Rose M. Endries, of 881 Hillendale Drive, Antioch; Mrs. Marge Warner, of 581 Orchard Ave., Antioch; and Charles Koss, also of Antioch.

### Spring Festival Scheduled

The entire Music Department of the Antioch Grade School, District No. 34 will put on the annual Spring Festival, on Sunday, April 12 at 3 p.m. The program will be held in the Antioch building gymnasium.

The three bands, Prep, Junior and Senior and the Chorus are made up of pupils from the three schools of District 34: Antioch, Channel Lake and Oakland.

This concert is free and open to the public.

The vocal director is Judith Robinson and the band director is George Olisar.

The Senior Band having received a 1st Division rating in the district band competition will now compete in the state contest. This year's state contest will be held at the Avon Center School.

(Continued on page two)

Antioch Mayor Ray Toft is featured today in a new series on personalities in Antioch written and photographed by Joe Rush. See page 9.

Engineman 1/c William G. Humphreys Jr., center, receives congratulations from Chief Boatswainmate Kent G. Flowers, as he takes over command of the U. S. Coast Guard boating safety detachment in this area from Flowers. Looking on is BM/3 James Thatcher.

# Antioch To Have New Ben Franklin Store

A new Ben Franklin Store, costing an estimated half million dollars, will be constructed on Lake Street, north of the State Bank of Antioch.

Construction of the new variety store which is expected to produce about \$15,000 to \$20,000 in sales tax annually, was made possible Monday night when the Antioch Village Board approved a rear yard variation on recommendation of the Zoning Board of Appeals.

The building will be built on 29,000 square feet. Homes currently on the property will be razed, it was announced at Monday night's village meeting.

"This project is a reality," said Ted Larson, attorney representing Chester Dubas, who operates the Ben Franklin Store. "We have the financing and we'll be

ready to break ground for the project in about two weeks."

Under the variation allowed, there will be parking in front of the store as well as entrance from both the front and rear of the proposed building.

The village vote on the variation was 6 to 0.

In other developments, the application of Sam Esposito for a permit to install a mobile trailer to operate a drive-in restaurant between the filling station and the Anderson Auto Sales was denied by the village board.

The board turned down Esposito on the recommendation of the license committee headed by Trustee George Bartlett.

"We have carefully considered this application," said Bartlett, "but in the best interest of the board we must deny it."

Bartlett did not spell out what he meant by "best interest" and neither was he queried by Esposito nor members of the board as to what was the actual meaning involved.

"I guess, Sam, you'll not be able to go into the 'hot dog' business," Village Mayor Raymond Toft said.

"I'll be allowed if I go in with a building?" Esposito wanted to know.

It all depends on whether the building meets the zoning requirements," the mayor pointed out.

The mayor added that he had contacted Antioch High School officials about the mobile unit and he had learned from them it would pose a problem.

A request was made to blacktop the parking area and the section near the swimming pool.

No action was taken, although Mayor Toft said, "We'd like to take care of the entire area, but there are some water problems at the lower section which must first be corrected before this is done."

He added that the high spots of the park possibly could be blacktopped.

The board approved a contract for two years of renting out the rear part of the new Antioch Police Building to Antioch Township at a monthly fee of \$200.

"We're not using this section," the mayor said. "We don't expect to use it for about two years, but in the meantime, we'll be getting some revenue for the unused part."

The contract begins May 1. The M&S Construction Co. of Geneva was awarded the contract to install the sanitary sewer and water line on Rte. 173 which will connect with the new Upper Grade School now under construction.

The firm, the lowest of a half dozen bidders, filed an estimate of \$74,839 two weeks ago.

Cost of constructing the sanitary sewer and water line to the village will amount to \$31,639 since it has received \$35,000 from the grade school district and \$8,300 from persons interested in developing a 200 acre tract in the area.

The \$8,300 is a letter of credit on file at the State Bank of Antioch.

Included also in the village cost is \$10,326 for a 15 inch storm sewer line.

An ordinance was adopted annexing four homes and a vacant lot on the east side of Rte. 83, south of Rte. 173. The vote was unanimous.

The Chamber of Commerce has queried the village as to 24-hour dispatching by the police department. "The cost would be prohibitive," the mayor wrote the chamber based on a survey.

The board agreed to renew its membership with the Northeastern Illinois Planning Commission at a yearly fee of \$25.

The board also approved the purchase of a \$50,000 treasury bill which will be sold April 30 and then combined with other funds totaling \$100,000 to be invested on the local level (one of the banks for a greater interest return than is available by treasury bills).

The per cent to be earned locally is 7 1/2 per cent and will have to be on deposit for one year, it was said.

Mayor Toft signed a proclamation with the approval of the board urging residents to support this month the current fund drive being conducted by the American Cancer Society.

Village Attorney Edward Jacobs has requested the Illinois Department of Public Buildings provide a breakdown on the village and state's share of the cost in connection with improvements from Rte. 83 to Rte. 173.

"We're not going to be pushed around by the state," Jacobs said, "we'd like to know what the cost is to the village and to the state."

He added that some of the improvements made by the state have not been satisfactory based on inspection by Antioch officials.

Some of the items not approved by the village will be forwarded to the state, Jacobs said.

The board approved the purchase of lettering to identify the new police department building on Main Street at a price of \$99.50 from Nu Lite on Grand Avenue, Waukegan.

The March police report showed there were 107 parking violations issued, with 92 of them paid. There were 41 traffic citations issued, and two non-traffic arrests.

The police investigated 11 accidents in addition to 16 incidents of burglary and theft, three vandalism cases, and four juvenile cases.

There were six fire calls in the village with a loss of \$100, and 19 in the district with damage estimated at \$1,300. District fires included 14 calls to put out grass fires, three car fires and two miscellaneous.

An estimate will be obtained on the cost of installing 400 feet of storm sewers to correct a flooding condition on the north end of Main Street.

Meeting as a Board of Local Improvements, a date of May 12 was set to conduct a public hearing on a special assessment to cover cost of installing sewer and water lines on Drom Court.

ANTIOCH, ILLINOIS, THURSDAY, APRIL 9, 1970

VOL. LXXXIV. NUMBER 42

### Antioch Meeting Tuesday

Illinoisans are on the verge of some far reaching changes in County Government that are bound to increase your property taxes, unless you act now to demand a delay, according to Lloyd E. Murrice, Supervisor of Antioch Township.

At your Annual Meeting, scheduled for 2:00 p.m. Tuesday, April 14, 1970 at the Antioch Fire Station, you will have an opportunity to voice your protest against these changes by adopting a resolution asking the State legislature to delay implementation of a bill already passed in the last General Assembly which deprives your township of representation on the County Board of Supervisors.

The Township form of government has helped provide protection of taxes on property for 350 years and we cannot afford to give up any protection of this kind, Supervisor Murrice says.

County budgets have been kept in line through the Boards of Supervisors, but the new law does away with the Boards of Supervisors—your time honored protection against runaway county budgets.

At the Town meeting coming up on April 14, you, as a citizen, have a right to attend and vote your own interests. You do not have to have a representative voting for you. That is why this meeting and the proposed resolution are of such importance, Murrice says.

After you have passed this resolution, Supervisor Murrice asks that you follow up and write or call your State Representatives and State Senator and also all the candidates seeking these offices and absolutely demand they support the retention of the County Boards of Supervisors.

### Lake County Residents Buy Bonds

Lake County residents purchased a total of \$589,606 in Series E and H bonds and Freedom Shares in Feb. according to Richard F. Kennedy, Waukegan and Richard D. Newland, Waukegan, Ill. county chairman of the savings bonds committee.

Sales in the state of Illinois were over one million dollars a day for a total of \$28,199,303 according to Clarence S. Sochowski, market director of the Treasury's savings bonds division. This is 9.1 percent above sales in Feb. last year and close to Jan. sales which totaled \$28,493,666.

Illinois sales represented 6.9 per cent of the national total of \$414 million.

### Heating, Plumbing Featured

Activities of the Plumbing & Heating Contractors Association of Lake and McHenry Counties are highlighted in the March issue of Contractors Magazine, a national trade publication of the construction industry.

The article written by David Wilkes, of the Contractor staff, was based on an interview with Association President Lester E. (Ozzie) Koetz, of Koetz & Barton, Zion, during the recent state convention of the Illinois Association of Plumbing-Heating-Cooling Contractors.

In the interview Koetz discussed the efforts of the Association in implementing the Illinois Plumbing Contractors Certification Law in the Lake-McHenry area by urging communities to adopt a local ordinance which would limit the issuing of plumbing permits to plumbing contractors certified under the state law.

"We feel that the public health can be best safeguarded through the installation of properly designed plumbing systems by bonded and certified plumbing contractors," Koetz said.

"Waukegan and Highland Park have already adopted such a local ordinance and we hope other communities in our area will follow suit," Koetz stated.

The magazine article also praised the efforts of the Lake-McHenry Association in recruiting minority group members into the plumbing trade.

"The Plumbing and Heating Contractors Assn. of Lake and McHenry Counties has actively recruited minority group members through area-wide news releases, radio programs, appearances at high schools and through the NAACP, the Urban League and Spanish-speaking organizations," Koetz explained.

"As a result of these efforts we have been able to start two young men in the plumbing apprenticeship program," the association head revealed.

The Contractor article also reported that a resolution submitted by the Lake-McHenry Association calling for a study of the advisability of placing all plumbing

licensing and inspection under the state health department was the only resolution adopted at the state meeting.

### 'Jeed' To Be Feted

The Antioch chapter of the American Field Service is busy planning a Deluxe Dessert Buffet to be given in honor of its foreign exchange student Pratchya (Jeed) Rokchartcharoon on Friday, April 17 at 7:30 p.m. in the Antioch High School cafeteria.

The public is cordially invited to attend.

In about three months, Jeed will be going back to Thailand with much to tell his family and friends about his year's stay in the United States, under the American Field Service scholarship program. Many people have enjoyed the pleasure of meeting Jeed, or of seeing his beautiful village of Thailand. There will be an opportunity to do so on Friday, April 17, and to wish him well. All guests will be invited to sign Jeed's guest book which will be on the Thailand display table that night. The Toepfers will be on hand to tell what it has been like to have a Thai teenager as part of their family these many months.

A variety of delicious desserts are being donated by friends of A.F.S., and students will pour coffee and tea while guests enjoy the program. Entertainment will be supplied by the A.C.H.S. choral group, The Madrigals, under the direction of Ralph Brooke. Also Wendy Jensen and Cheri Dalgaard will sing and play their guitars. A.F.S. promises a pleasant evening for all who attend.

### You Can Still Mail In Your Census Forms

If you have not mailed back your census form, do it today. It's not too late to be counted in the 1970 Census of Population and Housing, according to Harold H. Hertzberg, District Manager of the census in this area.

Although the Census Bureau wanted the forms returned on April 1, the District Manager says his office will still accept them. However, if all forms sent to households are not returned shortly, it will be necessary for census takers to call and pick up the census not returned, thus adding to the cost of the census.

The District Manager adds a word of caution to those who have not filled out their census forms. The census is meant to take a count of everyone on a specific date, April 1. If someone has moved into your household since that day, he should not be listed on your form. If someone has moved away since then who was a resident on April 1, he should be listed.

Most questions will be answered by blacking in small circles with an ordinary lead pencil. And if you refer to the yellow sheet of instructions that came from the form, you will find it a simple task. There is a brown envelope, already addressed and requiring no postage, for mailing it back.

### PM&L Seeks Players

Palette, Masque & Lyre, Inc., Antioch's Community theatre group, has announced that audition dates for their July Musical Comedy, "The Apple Tree," will be held April 9, 10 and 11 at 8 p.m.

The Apple Tree recently enjoyed a long run at the Candlelight Theatre in Chicago and was directed on Broadway by Mike Nichols. Music is by Jerry Bock and lyrics by Seldon Harnick.

Actors, dancers, singers, and technicians are all needed. Ken Smouse, director of the show, announces that there is also a possibility of additional summer productions that might be of interest to those auditioning.

### Four School Board Contests Saturday

Four of six school board elections will have contests when residents go to the polls Saturday in the Antioch area.

In the Emmons Grade School district, a three-man board will be increased to seven, because voter registration in the district has passed 1,000.

In this district, voters will select seven of nine candidates. They include incumbents Dr. Alan L. Thain and Richard C. Ruck; others are Dan Maras, Harold P. Wilson, Ruth A. Duha, James R. Hazellon, Delores Bowers, Richard Dubek and Jack E. Bodin.

The seven winners will draw lots for two one-year terms, two two-year terms, and three three-year terms. Lake County School Superintendent W. C. Petty will conduct the first meeting.

In the Antioch Grade School district, four persons are seeking two posts.

Running are incumbents R. Wayne Polsgrove and Mrs. Joan Toft, along with Gerald Vander Meer and John Heck. The winners will serve three-year terms. Only one candidate came forth

for the one one-year term and he is Milo Bailey.

In Lake Villa incumbent Clark R. Wetterberg and three others are seeking two three-year terms. The other candidates are Robert W. Holaday, John LaPaglia Jr. and Gerald M. Nordness.

There is also a contest in the Grass Lake School district with three seeking two three-year terms. Running are incumbents Mrs. Marilyn Haling and William Belz along with Roman Vos Jr.

There is no contest in the Lotus School District or the Antioch High School District.

Incumbents Mrs. Raymond Dahl, and William Wiecek are the candidates for two three-year terms in the Lotus district.

Incumbents William Petty and William Brook are up for the two three-year terms in the Antioch High School district.

### Spring Festival Scheduled

The entire Music Department of the Antioch Grade School District No. 34 will put on the annual Spring Festival, on Sunday, April 12 at 3 p.m. The program will be held in the Antioch building gymnasium.

The three bands, Prep, Junior and Senior and the Chorus are made up of pupils from the three schools of District 34: Antioch, Channel Lake and Oakland.

This concert is free and open to the public.

The vocal director is Judith Robinson and the band director is George Olisar.

The Senior Band having received a 1st Division rating in the district band competition will now compete in the state contest. This year's state contest will be held at the Avon Center School.

(Continued on page two)

### Antioch High On Television

Providence of New Lenox, Eisenhower of Blue Island, and Antioch High Schools comprise the panel for "It's Academic" Saturday, April 11 (WMAQ-TV, Channel 5, 2:30 to 3:00 p.m. CST) (Color).

The students, having to answer questions on current events, history, sports, mathematics, etc., are quizzed by "It's Academic" host and quizmaster, Ed Grennan.

Providence High School of New Lenox, will be captained by Don D'Amico and joined by teammates Tom Lesniewski and Doug Tibble.

Captain Lorraine Olley is joined by Linda Hockberger and Ryan Ward from Eisenhower High School of Blue Island, Ill.

Representing Antioch Community High School will be team captain Avis Minger and teammates John Prossie and Jim McDowell.

Jim Post, organist and a sophomore at Lyons Township High School will provide the halftime entertainment with his selection, Slocatino in D Minor by Bach.

"It's Academic", regularly seen at 5:00 p.m., will be telecast at 2:30 to 3:00 p.m. this date only due to NBC-TV's Major League Baseball "Game of the Week".

Antioch Mayor Ray Toft is featured today in a new series on personalities in Antioch written and photographed by Joe Rush. See page 9.

## EDITORIAL

## Community Progress

Our town is booming.

We applaud the action of our village board in making the necessary decisions to clear the way for a new Ben Franklin store for the village.

We also applaud the Ben Franklin organization.

Its decision to build a new store in our village has shown that it has confidence in the growth of the area.

The decision followed closely the same confidence shown by the A&P organization in opening a new supermarket in the area.

All of these things add up to community progress.

We are sure that these new additions will be followed shortly by the arrival of new industry to give our community a broader job base.

The Industrial Council has been working very hard to present an attractive program to those seeking industrial sites in and about our area.

Community progress is not achieved through the efforts of one individual or group.

It takes the work of all of our interested citizens who want to see the area prosper and grow.

Antioch is fortunate to have an overabundance of these individuals and groups.

## An Important Vote

One of the most important votes you will ever cast is coming up this Saturday.

Several citizens are seeking posts on various school boards in the area.

In the Antioch area there are six school board elections being carried out. Only four of them are contested. We wish that all were so that a choice could be made.

But all of these persons are seeking posts that will effect all of our youngsters. Therefore the interest in school board elections should be great.

The opposite, however, is the fact.

We deplore the fact that too often school board elections are carried out with very few of the eligible voters casting ballots.

It would seem to us that these elections, to put people in positions to shape the very lives of our children, would draw a tremendous vote.

The truth is, however, that it is even hard to get candidates for the posts because they are no-pay jobs and with them goes a lot of criticism, whether deserved or not.

But, nevertheless, the elections are here.

Those residents of the districts involved should make it their business to cast a ballot.

We have no selections that we favor for these posts.

We are going to vote, however.

We hope that you do the same.

If you do vote you have a right to complain.

If you don't vote—you have no rights at all.

and the band will play late in the afternoon. Immediately following the contest the band will have its annual banquet.

Parents are welcome to attend the contest and banquet. However, reservations for the banquet must be made through the Band Parents. As yet, it is not definite as to where the banquet will be held.

## ALONG THE WAY with Annie Mae

## MORE COME HOME

Mr. and Mrs. Fred Hawkins recently returned home from a two month stay in San Diego visiting their daughter Hazel Overton and family.

Tony and Shirley Stanich are looking tanned and healthy after their vacation in Florida.

Speaking of Florida, the Kasik family recently returned from Clearwater. While visiting at the Cypress Gardens, who should they run into but Gail and Jim Fields and their family and the Bill and Pat Herbert family.

Ed and Louise Vos are home from Hawaii after a wonderful vacation.

Dick and Percy Vandervall and family looking tan and rested after their stay in Florida. While there they visited Percy's parents Nat and Hank Witkowski, and Ben and Trudie Andresen who are former residents of Petite Lake.

## FINS GET WET

Scuba divers wet their fins last Sunday by diving at Cross Lake. They reported the water was 48 degrees, but visibility was poor.

## PROUD PARENTS

Mike and Joan Cilik now have five of a kind, all girls. The Robert Duckles have a boy. And it's a fine playmate for Ken, too, son

of Ken and Diane Schultz, named Stephan H.

## FEELING BETTER

Ada Overton is convalescing at the home of her sister, Pearl Doose.

## HAPPY 21

Years of Wedded Bliss, that is—for Jack and Betty Davis.

## BUSY WEEKEND VISITING

Jan and Bill Anderson went to a birthday party for their one-year-old nephew, Elaine and Jim Palm spent another weekend in Chicago visiting friends, while the Ed Schudel family of Rock Lake entertained relatives from Chicago. Rich Koenig also was in Chicago last week but on banking business.

## WELCOME TO NEW

## RESIDENTS

The White and five children have moved into the former Hunter house on Harden Street. Hope they enjoy the new community.

## HERE AND THERE

Ev Otfedahl and Mike Haley flew to Iowa last week and en-

joyed a brief visit with Howard and Judy Shepard. Elvis and Faye Erkmann are houseguests of Margaret Gaston. If you see him ask him how his "seamus" is!

## COTILLION '70

Workers are striving to make this the best ever. Don't forget your reservations.

## SPORTY LIONS

Monday night Lions Club meeting will feature Dizzy Trout and Gabby Hartnett. Bring those guests!!!

## BENEFIT LUNCHEON

April 16 is the luncheon sponsored by the Republican Women, proceeds of which will be used for a summer outing for the wounded Vietnam Veterans.

## ATTENTION MUSIC LOVERS

For a special Sunday afternoon's pleasure the Antioch Grade School Band will present its Spring Festival Concert at 3 p.m. in the school gym.

## SATURDAY TV

The Antioch High School will be represented on It's Academic. Be sure to watch. Speaking of school—Saturday is the day to vote for the school board in your district.

See you at the polls,

ANNIE MAE

These officers from Lake County were among those graduating recently from the Northern Illinois University Police Institute. They include, from left first row, Lattermore Jackery Jr., Waukegan; Robert Reidel, Lake Forest; James H. Battisfore Sr., Waukegan. Second row, William J. Harder Jr., Gurnee; Ralph E. Connard, Libertyville; and Roman J. Lenzen Jr., Lake Villa. All in the second row are members of the Lake County Sheriff's Department.

Proper use of the horn is an important asset to safe driving. It is a mistaken courtesy to refrain from using your horn at a time when audible warning would be appreciated by others or could prevent a possible accident. However, unnecessary blowing of one's car horn should be avoided.

## FUNERAL NOTICES

Vernon Rogers, 61 years of age, died at the Tucson Medical Center, April 2, at 5:30 a.m. He was born Sept. 10, 1909.

Funeral services were held April 6, at 10 a.m. from St. Ambrose's Church. Monsignor Dougherty conducted the services. Interment was at Evergreen Cemetery in Tucson, Ariz.

He is survived by his wife, Irene, a sister Vivian Breul of Camp Lake, Wis., two brothers, Lisle Rogers and Lewis Rogers, both of Antioch.

He was preceded in death by his father, Leslie Rogers in 1960; his mother, Albertine Rogers in 1969, and a brother, Raymond, in 1954.

## LESTER M. "TED" SMITH

Lester M. "Ted" Smith, 71 years old of Paddock Lake, Wis., passed away on Sunday, April 5, at 2:45 a.m. in Kenosha Memorial Hospital. He was born Sept. 22, 1898 in Salem Township and lived there all of his life.

He was a member of Junker Ball Post of the Veterans of Foreign Wars at Kenosha, Schultze Hahn American Legion Post No. 293 at Silver Lake, and the Amateur Radio Relay League. He owned and operated Smith Electric Shop at Paddock Lake. He married Leona Hartnell on March 22, 1922 at Waukegan.

Survivors are his wife, Leona, two sons, Jack L. Smith, of Kenosha and James A. Smith, of Paddock Lake, and one daughter, Mrs. Janis A. Marks, of Kenosha; one brother, Virgil L. Smith, of Chicago, one sister, Florence Smith of Chicago, and three grandchildren.

Funeral services were held at 3:00 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Ray Kotwicki of the Salem Methodist Church officiated. Interment was in Liberty Cemetery. Friends called after 3 p.m. Monday at the funeral home.

## HERBERT G. ARNOUX

Herbert G. Arnoux, 68 years old of Paddock Lake, Wis., passed away Saturday, April 4, at Kenosha Memorial Hospital. He was born May 15, 1901 in Evanston, Ill., and moved to Chicago in 1938, then to Paddock Lake five years ago. He held membership in Bethlehem Lutheran Church at Evanston, and was a member of the Chicago Amalgamated Meat Cutters Union. He married Emma Bolder on July 6, 1927 at Evanston.

Survivors are his wife, Emma, two sons Richard H. Arnoux, Paddock Lake, and David C. Arnoux of Chicago, one sister, Mrs. Ruth (Richard) Hunter, Hollywood, Calif., three brothers, Frank Arnoux, Des Plaines, Ill., Clarence Arnoux, Evanston, Ill., and Harry Arnoux, Evanston, and nine grandchildren. He was preceded in death by one brother, Charles Arnoux.

Funeral services were held at 1:30 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Lewis Von Troit of Christ Lutheran Church at Paddock Lake officiated. Interment was in Salem Mount Cemetery. Friends called after 3 p.m. Monday at the funeral home.

## G. BYRON PATRICK

G. Byron Patrick, 72 years old of Salem, Wis., passed away suddenly at 12:40 p.m. on Thursday, April 2, at Kenosha Memorial Hospital. He was born Oct. 26, 1897 in Trevor, Wis., and had lived in Salem Township all of his life.

He was a member of the Salem Methodist Church, past master of Washburn Masonic Lodge No. 145 F. & A.M. at Bristol, Past Patron of Bristol Chapter No. 144 Order of Eastern Star, Honorary Fire Chief of the Salem Volunteer Fire Department, and had served in the U. S. Army during W.W.I. He had worked for 40 years for Hartnell Chevrolet at Salem and retired in 1967.

He married Ida Schnable on Sept. 11, 1966 in Chicago after his first wife Mildred (nee Fernald) Patrick's death on Feb. 17, 1964. He was also preceded in death by a grandson, PFC. Daniel G. Patrick on April 5, 1967.

Survivors are his wife Ida, two sons, Robert V. Patrick, of Silver Lake, Wis., and Ray B. Patrick, Kenosha, Wis.; three stepsons, Robert Schnable, Skokie, Ill., Clyde Schnable, Dayton, Ill., Wayne Schnable, Libertyville, Ill., one brother, Milton Patrick, Withee, Wis., and 3 grandchildren. Funeral services were held at 1:30 p.m. Saturday at the Strang Funeral Home in Antioch. The Rev. Roy Kotwicki of the Salem Methodist Church officiated. Interment was in Liberty Cemetery. Memorials may be given to the Salem Methodist Church Building Fund.

Southern Illinois University offers summer courses on new developments in technological education to help teachers up to date.

## Edison Expanding Environmental Plan

Chairman J. Harris Ward of Commonwealth Edison Company today disclosed several major new measures to broaden the company's environmental program in accordance with Illinois Attorney General William J.

## Your Congressman Reports....

By Cong. Robert McClory

Shortly after his inauguration last year, President Nixon expressed a desire to establish an all-volunteer military force. His first step was to create a commission to which he named Thomas S. Gates, Jr., Chief Executive Officer of Morgan Guaranty Trust Company of New York and a former Secretary of Defense, as Chairman, and former Republican Congressman Thomas Curtis of Missouri, General Alfred Gruenther, Roy Wilkins, Executive Director of the NAACP, and other leading citizens, as members. Now, the Gates Commission, having completed its work, has recommended establishment of an all-volunteer military force when the Selective Service law expires on June 30, 1971.

The Gates Commission estimates that our overall military personnel may be reduced to 2.5 million men from the present level of some 3.5 million without impairing the needs of our national defense. According to the report, improved recruitment procedures and increased compensation for military service would appear to make this goal fully attainable.

As the Gates Commission points out, other nations have substituted volunteer programs in place of conscription—including Great Britain and Australia—while the Canadian Government has always relied upon volunteer forces. Although the foreign experiences have not been completely successful, with proper incentives and active recruitment programs, the Commission contends that an adequate American all-volunteer force can be achieved.

An important element of the Gates Commission Report is its recommendation for stand-by authority in the Congress and the President to invoke military conscription in case of enemy attack or other threat to our national security.

While estimates of the additional cost of a volunteer military force vary greatly, the Gates Commission indicates that an increase of \$2.7 billion would support the entire 2.5 million men during the year following termination of the draft.

The Commission has disposed of the charge that the volunteer military force might be "all black." Of course, the increased pay would make an all-volunteer force especially attractive to poor Black Americans. However, the Commission points out that there are twice as many poor whites as there are poor blacks. The Commission concludes, therefore, that an all-volunteer force would most likely resemble the present armed forces—particularly the proportion of blacks and whites who now are volunteers. According to the Gates Commission's studies the maximum percentage of Negroes in an all-volunteer army would be about 20 percent.

Of special concern to the Commission has been the problem of securing an adequate number of medical doctors to serve the needs of an all-volunteer military force. In responding to this problem, the Gates Commission has recommended increased compensation incentives as well as the shifting of a proportion of military patient care to civilian physicians. In the same way that many other non-military duties have been shifted to civilian personnel in recent years, it would seem, indeed, that civilian doctors can meet many of the medical needs of an all-volunteer military force.

Lively debates in the Congress are brewing—spurred by citizen committees organized to "Repeal the Draft" and by Resolutions pending in the House and the Senate intended to carry out the Gates Commission's objectives. As a co-sponsor of one of these Resolutions, this Member of Congress will be in the thick of the fray.

Scott's request that Edison take steps to reduce sulfur dioxide emissions from power generation and is responsive to the inquiry being conducted by the Illinois Commerce Commission and its chairman, David Armstrong. He said details of the plan are also being presented to the Illinois Air Pollution Control Board.

The new measures include:

1) The purchase of over 2 million additional tons of low sulfur coal for use at Edison plants in Hammond, Ind., Waukegan, Will County, Rockford and Dixon—over and above 2 1/4 million tons of low sulfur coal bought earlier for use in metropolitan Chicago stations.

2) Plans to install demonstration sulfur removal processes at two generating stations.

3) A new \$22 million order of gas and oil fired peaking capacity to speed up coal-fired furnace retirements.

In addition, substantial quantities of natural gas supplies will be directed to Joliet station.

"The use of low sulfur coal and oil, along with increased quantities of natural gas and nuclear fuel, will enable Commonwealth Edison to substantially reduce sulfur emissions from generating plants throughout northern Illinois," Ward said. "As announced previously such emissions will be cut in half in Chicago in the 12-month period starting July 1. By next year the extension of our new fuel burning program to outlying locations will achieve sulfur reductions of about 40 per cent at 12 of Edison's 14 coal-fired stations. We will continue to improve the company's air quality program as new fuel sources develop and other measures become feasible."

He stated that the company has arranged for additional supplies of low sulfur coal, primarily from the far west, which will increase deliveries of such coal to an annual rate of 4 1/2 million tons by early 1971. In addition, Edison is spending more money to displace over 6 million tons of coal a year with natural gas and low sulfur oil. The oil will be used at Ridgeland station, just southwest of Chicago.

"The cooperation of Peoples Gas and Northern Illinois Gas companies will enable us to use 50 per cent more gas in 1970 than we did last year," Ward said. "These companies have been especially helpful in obtaining additional gas supplies and in allowing us to withdraw gas from storage in emergencies."

According to Ward, Edison is also taking steps to help overcome the lack of railroad equipment available for transporting low sulfur coal to northern Illinois from locations more than 1,000 miles away.

He said the company has ordered 300 railroad cars to be used in expediting shipments of such coal. The last of these cars is scheduled to be delivered Nov. 1. Their cost will be about \$4.75 million.

Ward said the company is carrying forward a \$13 million program of precipitator improvements and additions at six generating stations and spending \$8 million for air pollution control facilities at Powertrain station near Pekin, where a new 840,000-kilowatt unit is being built. The program calls for new dust removal systems at Joliet and Waukegan stations and modernization of existing precipitators at four other plants.

In his announcement Ward also commented on the company's determination to preserve the ecology of Lake Michigan in connection with the construction and operation of Zion Nuclear power station.

"Zion station," he said, "will meet all standard for the protection of the lake's water quality, including those established by the Atomic Energy Commission, the Illinois Sanitary Water Board and as approved by the U.S. Secretary of the Interior. We are confident that Zion station will provide a substantial contribution to pollution-free power production."

"We also agree with Attorney General Scott that people have an inalienable right to enjoy clean air and water and we pledge to support and cooperate with all governmental regulatory agencies to help safeguard that right," Ward said.

## Public Aid Rolls Hit New Highs

Illinois public aid rolls reached 592,493 in January, an increase of 16,038 over the previous month and 65,888 higher than a year ago.

Public Aid Director Harold O. Swank said that all programs increased except old age assistance which declined slightly. The net monthly gain of 16,038 reflects a decrease of 39 persons in four counties and an increase of 16,077 in 98 counties. Cook County accounted for 39 per cent of the net rise.

Total January expenditures were \$48,238,337, an increase of \$1,015,656 over December and an increase of \$8,084,199 over January 1969. Current expenditures include \$307,613 in payments for foster care, aid to the medically indigent in Chicago and Cicero, and burials.

The January caseload was made up of 445,720 persons on assistance to the aged, blind or disabled and aid to dependent children receiving money grants and eligible for medical care; 60,790 eligible for medical assistance only, and 65,983 on general assistance. Respective figures for December were 437,257, 61,236 and 77,962; for January 1969, 392,990, 57,755 and 75,860.

The 60,790 persons eligible for medical assistance only, down 446 from December, are included in the trends of the individual programs which follow. The January cost was \$6,673,800.

The aid to dependent children program served 390,525 persons in January, an increase of 7693 over December and 59,910 higher than in January 1969. Of the total ADC increase in January, Cook County accounted for 42.1 per cent, or 3,232 persons. Expenditures were \$25,738,765 in January, an average of \$65.91 per person; \$24,814,268 in December; and \$20,173,365 in January 1969.

Old age assistance helped 65,183 persons, 39 fewer than in December and 1556 more than a year ago. Expenditures in January were \$7,797,255, an average of \$119.60; \$7,451,817 in December, and \$7,747,957 in January 1969.

Blind assistance numbered 1989 persons in January, up five from the previous month and 42 less than a year ago. Expenditures were \$289,111 in January, an average of \$146.91 per person; \$268,512 in December, and \$240,748 a year ago.

The disability assistance program in January rose by 368 persons to 48,624. The January 1969 total was 43,483. Expenditures in January were \$8,340,827, an average of \$170.83 per person; \$8,674,050 in December, and \$6,531,536 in January 1969.

General assistance—all units—was received by 65,983 persons, up 8021 over December and 10,123 more than January 1969. Expenditures in January were \$5,764,766, an average of \$87.65 per person; \$5,638,009 the previous month, and \$4,948,932 a year ago.

gram of precipitator improvements and additions at six generating stations and spending \$8 million for air pollution control facilities at Powertrain station near Pekin, where a new 840,000-kilowatt unit is being built. The program calls for new dust removal systems at Joliet and Waukegan stations and modernization of existing precipitators at four other plants.

## Lyons-Ryan Salesmen To Be Honored

Four members of the sales staff of Lyons-Ryan Ford Sales, 194 Route 173, Antioch, will be honored for outstanding sales performance during 1969 at a Ford 300-500 Club banquet in April.

B. L. Crumpton, Ford Division's Chicago district sales manager, said a select number of Ford dealership salesmen will be presented a club membership award for "excellent retail sales performance."

The 300-500 Club was founded in 1950 to recognize the performance of outstanding Ford salesmen throughout the country.

Crumpton said the average 300-500 Club member sold nearly \$500,000 worth of automotive merchandise in 1969 to qualify for the national honor.

The men are Richard Sheehan, John H. Uedell, Owen L. Duffy and Ken G. Torkelson.

## Order Seedlings Now For Planting

Now is the time to place your order for evergreen or hardwood seedlings for acreage plantings, according to Russell Gwaltney, Chairman of the Lake County Soil and Water Conservation District.

Price lists and order blanks are available at the District Office, 71 South Old Rand Road in Lake Zurich.

The seedlings are grown by Illinois State Nurseries for reforestation and wildlife protection, and are not to be used for ornamental purposes.

Recommended varieties for this area are Red and White Pine, in quantities over 500, and the Northern Wildlife packet of 200 evergreens and 300 shrubs attractive to birds.

The tree planting program offered by the District includes a tree-planting machine, complete with tractor and two men to do the job, a "pick-up" service from the Northern nursery, and refrigeration of the seedlings until planted.

Tree planting bars will also be available for those wishing to plant their own trees. "Cost-Sharing" is available from the local A.S.C.S. office in Grayslake or Schaumburg.

Orders will be accepted until April 15th, but only orders placed before March 20th can be picked up by the District. Orders placed

## Civil Service Has Plan For Employment

The Civil Service Commission has announced a new examining plan for filling jobs at the lowest levels.

A variety of jobs at wage grades 1 to 4 and GS-1 positions will be filled from the Maintenance and Service Worker and Worker-Trainee announcement, which was issued recently by the Great Lakes Office, Interagency Board of U. S. Civil Service Examiners for Illinois.

The salaries range from \$1.87 to \$2.98 per hour. The jobs to be filled are in most Federal agencies in Lake County and Glenview, Ill., including the Post Office.

There is no written test, and no experience or education is needed to qualify. Ratings will be based solely on reliability and dependability as a worker, ability to handle weights and loads, to follow directions, and to work safely with dexterity.

Worker-trainee ratings are dependent on the likelihood of doing a good job and staying with it.

Full information and application forms may be obtained at the Great Lakes Office, Interagency Board of U. S. Civil Service Examiners for Illinois, Building 3400, Great Lakes, Illinois 60088.

## Antioch Girl Innocent Of Traffic Count

Jeannie McCarthy, 20, of RFD 3, Box 756, Antioch, was found innocent last week by a jury in the first trial held in the new courtrooms of the Lake County Courthouse complex.

Miss McCarthy was charged with passing in a no passing zone and during the trial charged that the arrest was part of a harassment program directed toward her by the Lake County sheriff's office and the state's attorney's office.

She was represented by Waukegan Atty. Peter Collins.

after that will be sent via United Parcel or Railway Express.

For more information, or assistance in placing your orders for trees and shrubs, call the District Office at 438-6319.

## Legal Notice

## LEGAL CLAIM NOTICE

IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

PROBATE DIVISION ESTATE OF MARY VERA BOHR, Deceased,

FILE NO. 70 P 89

NOTICE IS GIVEN OF the death of Mary Vera Bohr, of Lake Villa, Illinois. Letters of Office were issued on March 31, 1970, to Warren A. Andre, 1407 North Road, Lake Villa, Illinois, Executor, whose attorney is Larson and Lumber, 388 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 N. County Street, Waukegan, Illinois, 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Executor—and to the attorney.

STEPHANIE SULTHIN  
Clerk of the Circuit Court  
(April 9-16-23, 1970)

## LEGAL CLAIM NOTICE

IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

PROBATE DIVISION ESTATE OF SHERRY LYEE HENDRICKSON, Deceased,

FILE NO. 70 P-191

NOTICE IS GIVEN OF the death of SHERRY LYEE HENDRICKSON of LAKE VILLA, ILLINOIS. Letters of Office were issued on March 31, 1970, to LAWRENCE HENDRICKSON, 519 Lincoln, Lake Villa, Illinois, Administrator, whose attorney is LARSON AND LUMBER, 388 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said court, 26 N. Utica Street, Waukegan, Illinois, 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Administrator, and to the attorney.

## 16 County Artists...

(Continued from page one) tee prior to the public hearing next month.

Lake County Superintendent of Highways Kenneth E. Welton appeared before the Illinois Highway Study Commission Thursday, April 2, and presented a draft of proposed legislation on the sale and retirement of highway bonds based upon motor fuel tax refunds. Welton said the commission gave a favorable response and indicated it will attempt to broaden the bill. The commission chairman was given authorization to retain special counsel to prepare the necessary legislation, possibly for introduction during this session of the Illinois General Assembly.

Invitations are being sent to Representatives of government and business to attend the "1970 Lake County Public Officials' Prayer Breakfast", to be held Saturday, April 25, at Trinity College in Deerfield. Featured speaker at the event will be Congressman John B. Anderson of Rockford. The program will also include bible readings, and music by the Trinity College Choir.

A spokesman for the organizing committee said the purpose of the prayer breakfast is to bring public officials together in a non-controversial atmosphere to review their roles and unite for a time with one common goal.

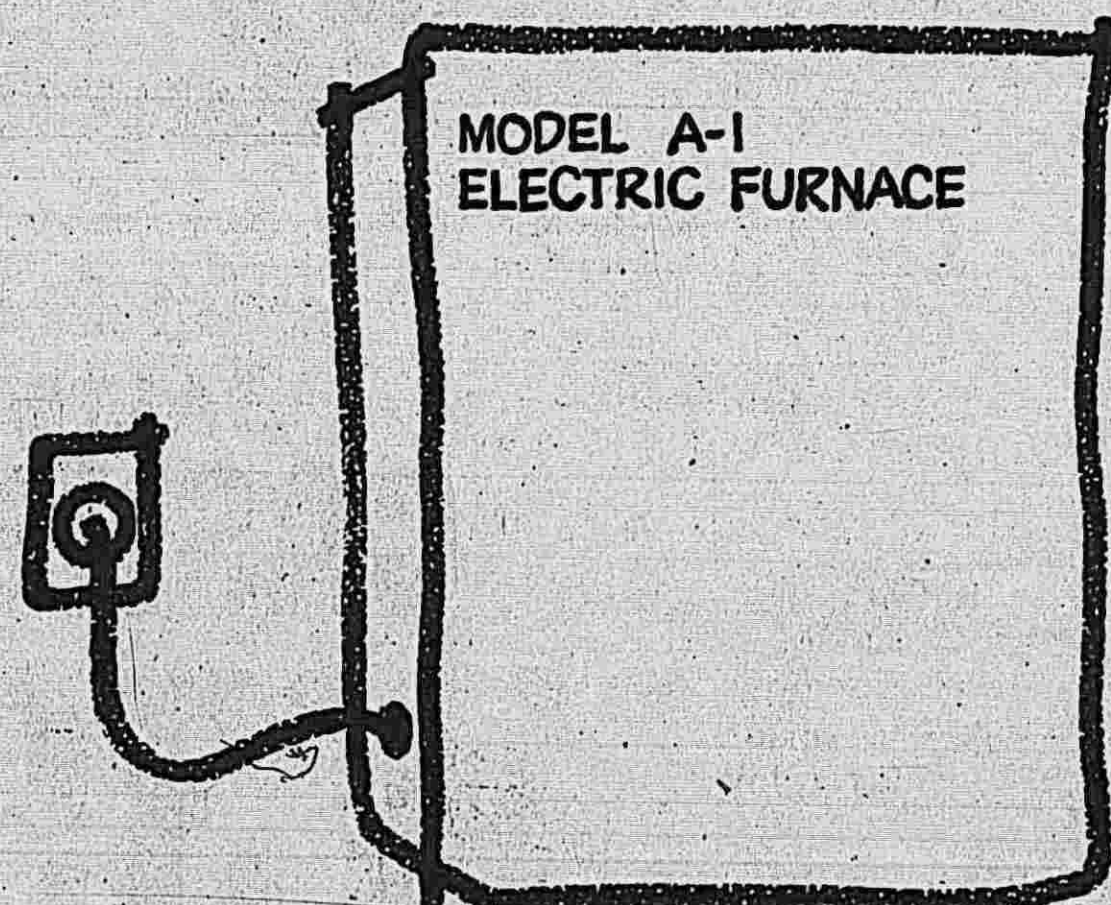

Admiral Henry A. Renken, Commandant of the Ninth Naval District, is honorary general chairman for the breakfast. Readings from the Old Testament will be given by Highland Park Mayor Samuel T. Lawton; New Testament readings by Chief Lloyd De-Tienne of the Zion police department.

The organizing and sponsoring committees are made up of elected officials, businessmen, educators, the professions, and clergy. Tickets for the affair may be obtained through county or municipal officials and committee members.

A stranger approached a farmer, produced his card and remarked, "I am a government inspector and I am entitled to inspect your farm."

Moments later the farmer heard screams from behind the barn. The inspector was being chased by a bull. Leaning over the fence as the madly-running inspector drew near, the farmer cried, "Show him your card, mister, show him your card!"

## The clean machine.

## Your modern electric heating system hates dirt.

Maybe electric heat'll never replace the cleaning lady. But it can give her a lot less to do.

Because, unlike flame-systems, modern electric heat doesn't use up air. So it doesn't cause a draft that constantly draws in dirty air from outside.

Which means things stay cleaner. With modern electric heat—dust and grime just don't build up on windowsills, walls, and furniture.

The cost? About \$200 a year for an average 6-room house with proper insulation. And, believe us, it's worth it.

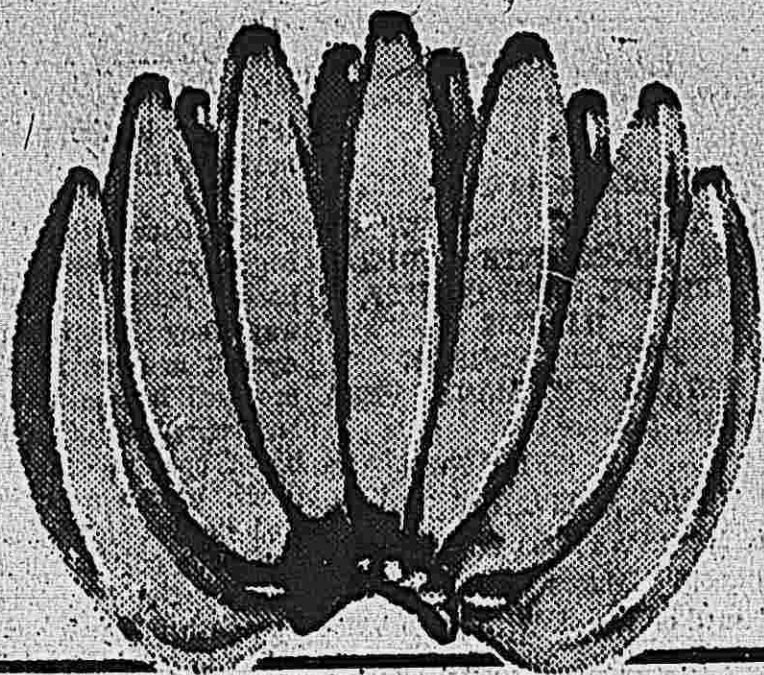

You'll miss the money a lot less than the dirt.

Commonwealth Edison Company

# Rainbow Girls Busy With Many Projects

Antioch assembly has been very busy lately with many different activities. One of our major activities is increasing our membership. At our last meeting on Monday, March 23 we initiated two more girls into the assembly. These were Donna Gries and Sharon Turgeson.

We have been very busy having fun also for on March 27 we had the fun project for this term. It was a bowling party at Antioch Bowling Lanes. Around twenty girls from the assembly enjoyed the project.

## Achievement Night Set By 4-Hers

The Sequit Suzies held a business meeting on Thursday, April 2, at the Hevredes home.

The girls discussed Achievement Night which will be held on Saturday, May 16, at 6:00 p.m. at the Savings & Loan building. It will be a potluck style dinner. Hame and beef, along with the different dishes the girls have prepared will be served.

There will be Share-the-Fun practice on Saturday, April 11, at 1:30 and all Saturdays following until performance time. Allison Hevredes talked about the District Judging contest. Judy Hevredes discussed Food Demonstration Training which a 4-H member must have if she wishes to demonstrate at the Fair.

Mrs. Hevredes reminded the girls of a crocheting meeting on April 14, at 7:30 p.m. at the Extension Building in Grayslake. Judy Hevredes gave an interesting talk about her tour of Europe. She showed the different and interesting items she had collected from the various countries she had visited.

Refreshments were served by Debbie and Diana Rentner.

## Social Notes

By Del Jahneke

The five members of the James Kennedy family of Toledo, Ohio, spent their four day Easter vacation as guests of Mrs. Frank Kennedy of Antioch. James is Mrs. Kennedy's son.

A weekend visitor at Mrs. Walter Buchert home was her niece, Miss Alice Glade of Melrose Park.

The Ray Rathmanns of Oakwood Knolls enjoyed a family reunion with Ray's nephew, Ronald Jasinski, and his parents at Roselle, the Norman Jasinskis' home, last Sunday. Ronald is a helicopter pilot and is scheduled to be sent overseas.

Mrs. Edna Rathmann has been a patient at Victory Memorial Hospital the past 10 days and is still confined there. She is sincerely wished a speedy return to good health.

THURSDAY, APRIL 9, 1970 THE ANTIOCH NEWS—6

## Cotton Sewing Contest Is On

Mrs. Daniel Maras, educational chairman for the Antioch Women's Club announces the 1970 National Grange Sewing Contest in Cotton.

Last year, Mrs. Maras' garment made for Jeannie Lindgren of Antioch, was selected a national winner in the Child's Division out of 50,000 entries.

The contest is sponsored by the National Grange and is an educational program for young girls and homemakers throughout the United States. Anyone may enter this contest except any professional in the field of women's fashion or former national winners in any class. There are three classes that may be entered:

Class A Any type dress or suit made by a contestant 18 yrs. of age and over for self or another person of the same age group.

Class B Any type dress, suit, coordinated jumper or skirt and

blouse made by a contestant 12 through 17 years of age for self or another person of same age group.

Class C Any type dress or suit made by a person 18 years of age or over for a person under 18 including infants and small boys.

Official entry blanks are available at Erickson Sewing Center. Deadline for the contest is April 30. Garments will be judged at district, county and state level.

Winners of the state judging will compete in New York for the national title. A two week trip for two to beautiful Hawaii by jet is in store for the grand national winner plus many other prizes for the national winners.

Garments will be judged on general appearance—from a fashion point of view; selection and suitability of pattern and fabric; styling and basic construction.

## Illinois Bell Fights For Women

Illinois Bell Telephone, largest private employer of women in the state, has taken legal aim at an Illinois statute that the company says discriminates against women.

The company filed suit today against Illinois Director of Labor Barney J. Grabiec, responsible under the statute for its enforcement.

The suit, filed in U. S. District Court in Springfield, contends that the state law, which limits the hours women may work, is in conflict with federal civil rights law. It asks that the Illinois statute be declared "void and unenforceable."

A similar suit was filed at the same time by Caterpillar Tractor Company, also a large employer of women.

Jack B. Gable, Illinois Bell's vice president-personnel, said the telephone company "has no other recourse. We and a substantial number of our 22,000 women employees are caught in the middle of a legal and moral dilemma."

He explained that under the Illinois Maximum Hours Act, non-exempt women cannot be employed more than eight hours a day. "This means that if overtime work becomes necessary—at premium pay—it is available to men but not to women, even on identical jobs," he said. "Neither can women be promoted or assigned to jobs which regularly require extended hours of work."

On the other hand, Gable said, the U. S. Civil Rights Act prohibits employment practices that discriminate because of sex.

"Illinois Bell and many other Illinois companies find ourselves in the precarious position of being subject to either federal or state penalties no matter which direction we turn. We are also subject to union grievances because of opportunities denied to women, or because of hardships such as denial may impose on men," he said.

Gable added that the Illinois statute, in restricting the assignment of employees, contributes to the costs of doing business.

He said the Illinois Maximum Hours Act was legislated shortly after the turn of the century, "apparently on the assumption that working women were in need of special protection. There may also have been some concern about job security for the traditional breadwinner—the husband."

"Such legislation is neither realistic nor relevant to the needs of women in modern society. They comprise one-third of the nation's work force and one-tenth of the family heads. Many women now work not necessarily to supplement their husband's income, but to provide the necessities of life for their families."

A 1967 amendment to the statute exempted women in certain professional and supervisory levels. Prior to that, he said, "if our company president had been a woman, she would have had to run for home-like Cinderella—as soon as the clock began to strike five."

Gable said Illinois Bell is legally stymied in elements of its program to broaden its career opportunities for women. "In their interests," he said, "and in view of our vulnerability due to conflicting federal and state law, we feel we can wait no longer for this situation to correct itself."

## Shiela Foote Is Delegate For Tap Assn.

The appointment of Mrs. Shiela Foote, of Half Day, as a delegate to the Lake County Council on Alcoholism from the Tavern Owners Association of Lake County has been announced by Association President, William (Mark) Turner of Antioch.

"Mrs. Foote, who has been active in community affairs in her area, will seek means by which our association can assist the Council on Alcoholism in its work in Lake County," Turner said.

Turner also announced the appointment of the following association members to the group's new Committee on Charities: Agnes Van Patten, Channah Lake; Ed Prowdzik, Antioch; Louise James, Roundout; Shiela Foote, Half Day, and James Corrigan, Fox Lake.

"The Tavern Owners Association of Lake County has established a sizeable fund to be used for charitable purposes within our community and the committee will screen applications," Turner said.

Turner added that additional members of the committee will be named at the association meeting at Pierre's Village Inn, Sheridan Rd., near Beach Rd. Thursday, April 9, at 3 p.m.

Legislation to come before the special session of the Illinois General Assembly will also be discussed at the meeting and recommendations for action on specific legislation will be made.

## Eight Area Students Win College Honors

Eight Antioch area students have made the Dean's List at the University of Illinois at Urbana for the fall semester.

They are Heather V. Hunley, Robert S. Valentine, James R. Knirsch, and Maureen E. Rooker, all of Antioch; Deborah L. Larson, Elizabeth A. Moore, and Thomas J. Nickerson, all of Lake Villa; and John L. Drago, of Lindenhurst.

## Two On Dean's List

Two Antioch area students have made the Dean's List at Illinois State University.

They are Dennis Murphy, of 321 Oakwood Ave., Antioch, a sophomore in business administration, and David Mosier, of 500 Mill Road, Wildwood, a senior in music.

## Gem Show Is Scheduled

The fifth annual "Wonderland of Gems and Minerals" presented by the Lake County Gem and Mineral Society, will be held from April 16 through 19 at the Lake County Fairgrounds, Rtes. 120 and 45.

When visibility is poor, it is helpful to turn on your car lights to protect yourself from drivers who otherwise might not be able to see you. Wise use of your car lights can help prevent accidents.

The company will be represented by Illinois Bell Counsel Donald W. Morrison and Hugh J. Graham, a Springfield attorney, at 356-5438.

## American Legion Auxiliary News

By DEL JAHNEKE

The Antioch American Legion Auxiliary No. 748 will hold their regular meeting on Monday, April 13th, at 8:00 p.m., at the Antioch American Legion Home. Mrs. Ray Rathmann, President, will conduct the meeting.

Distinguished guests will be the 10th District Auxiliary Officers on their official visit; and the winners in the recent state Americanism essay contest. The winner's families and their teachers are also cordially invited.

By Fran Boxley

Green Cap Night at DesPlaines Thursday, March 26.

Junior Graduate Regent Shirley Gehrls served as Sentinel for DesPlaines Green Cap Night. Other Antioch co-workers visiting DesPlaines with Shirley were Graduate Regent Jerri Polson and Chaplain Barbara Seelhoff.

Antioch co-workers enjoyed the evening and saw the Deputy Grand of Illinois Margaret Walsh and former Deputy Grand Magdalene Remsing.

Other chapters represented at DesPlaines were Fox Lake, McHenry, Chicago 129, Portage Park and River Grove, along with a few other chapters.

Thursday, April 2

Homemaking Committee was in charge of chapter program. Chairman Judith Page introduced the members of her committee. The program for the evening was a series of household hints. Each member of the Homemaking Committee present took part. It was an interesting program with very useful hints for homemakers.

There was an enrollment of a new member, Charlene Stanley. We welcome our new member.

Important dates were announced by Senior Regent Rosemarie Hadley.

Thursday, April 19 Executive Board meeting at Moose Home, 8:00 p.m.

Thursday, April 16 Junior Graduate Regent Shirley Gehrls' Green Cap night. A special occasion for Shirley with formal night for the chapter.

Senior Regent Rosemarie Hadley also announced Calendar dates for the Legion and Loyal Order.

Sunday, April 19 Legion Pot Luck at Moose Home.

Saturday, April 25 Loyal Order's installation of new officers. Senior Regent has been asked for donations of food from the women. Any donation will be appreciated.

Future Calendar Dates: Coming soon—Fun—Fun Fun! Homemaking Committee's money-making project: Balloon Dance at Moose Home Saturday, May 2, at 9 p.m. Music by The Klondells. Donation \$1.00.

This promises to be a real fun evening for everyone. Chapter's hoping for a large crowd of fun people to make this project a great success. These co-workers deserve a lot of support.

## Where The Boys Are

Sp. 4 Norman Sturm, of Antioch, is now stationed in Vietnam. He has been in the service about 14 months and is a personnel management specialist.

Letters can be addressed to Sp. 4 Norman Sturm, 325-3556, H.I.L.C., 16th AUN GRP (CBT), APO San Francisco, Calif. 96374. Army Specialist Four Lyle C. Ferris, 19, son of Mr. and Mrs. Charles H. Ferris, Rte. 5, Antioch, was assigned as a heavy-equipment mechanic with the 20th Engineer Brigade in Vietnam, March 4.

His wife, Sue, lives in Antioch.

## Beta Sigma Phi Ceremony April 4

The Antioch Chapter of Beta Sigma Phi, Pi Delta held its Ritual of Jewels ceremony Thursday, April 4. There was also a Pledge Ritual for a pledge trainee.

The ceremonies were held at the home of Joy Howes in Lake Villa.

Pi Delta is a new chapter to the Antioch area. For further information about the chapter you may contact President Denise Zoephel at 356-5438.

Graciousness is the outward manifestation of a fine soul. Like the sun, it sheds its light every day of the year.

## CHRISTIAN SCIENCE CHURCHES

The Lesson-Sermon to be read in all Christian Science churches on Sunday, April 12, asks the question, "Are Sin, Disease, and Death Real?"

Answers are given from the Bible in accounts of the way Jesus healed a mentally deranged boy and a man unable to walk for thirty-eight years. His injunction, "Heal the sick, cleanse the lepers, raise the dead, cast out devils," is included in the Bible readings. The unreality of sin, disease, and

death is explained in one of the citations from Science and Health with Key to the Scriptures by Mary Baker Eddy, which reads: "Since God is All, there is no room for His unlikeness. God, Spirit, alone created all, and called it good. Therefore evil, being contrary to good, is unreal, and cannot be the product of God."

The public is welcome to attend services at First Church of Christ, Scientist, BEACON HILL, Rte 173 & Harden, Antioch, Ill., starting at 11 A.M.

## ARE SIN, DISEASE AND DEATH REAL

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

## Visit Our Newly Remodeled Kitchen Displays

We at **ANTIOCH SAVINGS** would like all our Savers to clearly understand the details of our Savings Plans.

With so many plans available it's easy to become confused. So we thought it's time to explain fully and in as plain a language as possible, the many advantages available to Antioch Savers.

As a starter we prepared the accompanying chart which

outlines **IN DETAIL** our various types of savings accounts - Rates, Maturities, Minimum Requirements, Withdrawal Penalties, etc. are all clearly spelled out.

And remember - in the case of **ALL PLANS** at Antioch Savings

1. We pay the highest rates permitted by law.

2. Our rates are higher than bank rates.

3. Withdrawals before maturity of any type of account or certificate are penalized the **MINIMUM** required by Federal Regulations.

4. At Antioch Savings - **NO** notice of withdrawal is required on **ANY** savings plan.

5. All accounts insured by the Federal Savings and Loan Insurance Corporation up to \$20,000.00 and remember also, our reserves are much higher than required by Federal Regulations.

6. Interest compounded daily on **ALL** accounts.

SO --

Put together, all we have told you only means one thing.  
COME TO **ANTIOCH SAVINGS**, where as our motto since we first started so aptly says

WHERE SAVING IS REWARDING!

	5% Passbook Accounts	5 1/4% Certificates	5 3/4% Certificates	6% Certificates
Actual Annual Yield	5.15%	5.39%	5.92%	6.18%
Minimum Amount	\$10.00	\$1,000	\$1,000	\$5,000
Maturity	Completely flexible	6 months	1 to 5 years	2 to 5 years
Grace Period	Deposits received by the 10th of the month earn from the 1st; later deposits earn from the 1st of the next month.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.
Penalty for withdrawal before maturity	Interest is earned on funds in the account at the end of the quarter. (Passbook loans protect your earnings if you need to withdraw substantial funds before the end of an interest period.)	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).

## Antioch Girls Are in Swim Meet

Jenny Schmidt and Barb Dodd of Antioch swimming for the Waukegan YMCA competed in the Girls District II Swim Meet at the East Aurora High School. District II is comprised of the following twelve YMCA's: Aurora, Belvidere, BR Ryall (Glen Ellyn), Evanston, Joliet, Kankakee, Naperville, North Suburban (Northbrook), Oak Park, Ottawa, Streator and Waukegan. Each swimmer, in order to swim in an event must equal or better a district qualifying time.

Jenny, swimming in the 8 and under age group, swam the 50 yd. freestyle, swam the butterfly leg on the medley relay team and also the 25 yd. butterfly. The first and second place swimmers in each event advanced to the state finals at George Williams College. There is also a state qualifying time for each event and any swimmer who meets this time also advances to the state meet. Miss Schmidt placed seventh in the 25 yd. butterfly, but the field was so fast that all seven swimmers qualified for the state finals.

Barb Dodd, swimming in the 13-14 age group, swam the 200 yd. individual medley (50 yds. each of the butterfly, back, breast and freestyle strokes), the 100 yd. breast stroke and swam a leg on the 200 yd. freestyle relay team.

Barb Dodd, left, and Jenny Schmidt will represent Antioch in swimming meet.

## Powless Will Speak At Salem Banquet

The Salem Booster Club has announced that they have secured the services of John Powless, head basketball coach of the University of Wisconsin, to speak at the second annual father-son athletic banquet on Saturday, April 18.

The banquet is sponsored by the Salem Booster Club in appreciation of the co-operation of the parents, players, and cheerleaders who have helped establish one of the finest athletic programs in the area.

Coach John Powless has just finished his second campaign as head coach of the Wisconsin Badgers. The personable coach is a native of Florida, Illinois and a graduate of Murray State (Kentucky) where he starred in basketball.

He coached at Tilgham H.S. in Paducah, Kentucky, and was assistant coach at Florida State, Cincinnati and Wisconsin. At Cincinnati, he served as freshman coach where his teams won 36 games, lost 9 in three seasons, including a 15-0 record in 1962-63.

While a member of the staff, Cincinnati won NCAA titles in 1961 and 1962, and finished runner-

up in 1963. Coach Powless was assistant basketball coach and head tennis coach at Wisconsin since 1963 until appointed head basketball coach in 1968.

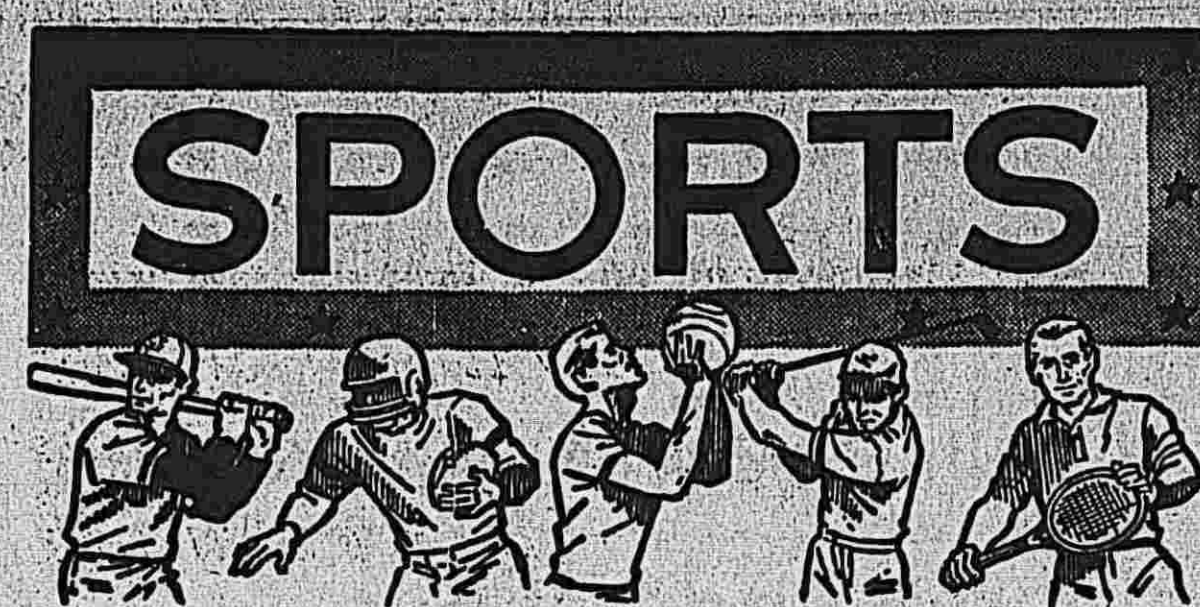

When Coach Powless took over the Badgers, there was height on the team, but the big men were woefully inexperienced. The defense was suspect, the offense questionable, the rebounding poor.

Yet from bits and pieces, by dint of hard work, Powless and his team put together a ball club which compiled a 23-27 record in two years.

In these two years the Badgers have knocked off Kentucky, Ohio State, Kansas, Marquette, Ohio University, and Illinois—all nationally ranked teams.

Powless and his assistants have laid down a solid foundation for a great basketball revival in Madison. They will have six of Wisconsin's eight best basketball players returning for the 1970-71 campaign and five of these will be underclassmen in 1970-71.

The Salem Falcons will also announce their most valuable and most improved players for the 1969-70 season at the banquet.

## Dragaway Opening Sunday

In the first featured drag racing meet of the year will be held this Sunday at the Great Lakes Dragaway, Union Grove, Wis.

Headlining the events will be the United Drag Racers Association (UDRA) nitro fuel "funny cars" circuit. A field of over 20 cars representing all 4 major automobile manufacturers will be competing.

Sunday's races get underway at 2 p.m. Grudge racing for street racers will be held Saturday night from 6 to 11 p.m.

Leading entries for Sunday feature events include Jim Slack, Valparaiso, Ind.; Al Peters, Be-

loit, Wis.; Jack Dittmars, Harvey, Ill.; Bill Jokerst, Duluth, Minn.; Jim Guthrie, Kansas City, Mo.; Ron Coleman, Lansing, Mich.; Phil Lyons, Madison, Wis.; and Nick Gaglione, Dick Hedricks, Larry Swietek, Dick Stokes, Tom Kenny, Dan Miller and Joe Amato, all of Chicago.

Cars include 2 Chargers, 1 Dart, 1 Challenger, 1 Duster, 1 Barracuda, 2 Roadrunners, 1 Maverick, 2 Mustangs, 2 Javelins, 1 Rebel, Corvair, 1 Nova, 2 Camaros, 2 Firebirds and 1 GTO. The dragstrip is located 20 miles south of Milwaukee at Union Grove, Wis.

## Dizzy Trout To Address Lions Club

Paul 'Dizzy' Trout, former Detroit Tiger pitching great and now with the White Sox public relations department, will be the speaker Monday, April 13, at a meeting of the Antioch Lions Club.

Trout, a noted after-dinner speaker, will address the Lions at

their 6:30 p.m. meeting in the Antioch Country Club.

The former pitcher spent 13½ years with the Tigers, a half-year with the Red Sox and later spent six weeks with the Baltimore Orioles.

He spent a total of 18 years in professional baseball as a player, 14 of them in the American League.

Trout won 27 games for the Tigers in 1944 and in 1945 was instrumental in the Tigers stretch drive for the pennant. Detroit beat the Chicago Cubs in the World Series that year.

During his pitching career he won 170 games while losing 161. His big league batting average was .206 with 23 home runs, three of them "grand-slams."

A native of Otter Creek Township in Vigo County, Ind., Trout is married and the father of 10 children, seven boys and three girls.

His pitching career spanned the period from 1939 to 1952, and he joined the White Sox organization in 1959.

men's squads have qualified for the double-elimination tournament on the basis of their records in sectional league play, which began in January. Approximately 600 players participated on 55 church-sponsored teams in regular season competition this year for the right to compete in the tournament. Nine divisional leagues were operated in 1969-70 by the LAA in five sections of the Chicagoland Metropolitan area.

The LAA, which was organized in November, 1962, as a department of the Lutheran Council of Greater Chicago, sponsored competitive athletics for the sports teams of the Lutheran churches in the Chicagoland area. These churches are affiliated with The American Lutheran Church, the Lutheran Church of America, and the Lutheran Church—Missouri Synod.

Fourteen girls' teams and four

Miss Ellen Gaston, daughter of Mr. and Mrs. Harold Gaston, of Antioch, a student at Knox College, will be participating in the Women's Intercollegiate Bowling Championship, sponsored by the Association of College Unions-International at Tulsa, Okla., April 12.

Each year the association sponsors 15 regional tournaments throughout the United States. Over 100 colleges participate in the Regional Women's Bowling Tournament.

The national tournament is conducted in conjunction with the Women's International Bowling Congress' Annual Tournament which opens in Tulsa on April 9 and runs through May 26.

Members of the squad besides Christ include seniors Jim Paneratz, Dick Ivy, Alex Cowan and George Swarstad; juniors Ernie Munzen and Ray Horan; sophomores James Waldo, Nick Lichter, and Jim Zwirgidas; and freshmen Russ Bain, Tad Barnett, Bill Watson, Larry Erdman, Mark Pflueger and Pete Nauta.

Salvation lies in each of us giving earnest attention to his own problems.

# Meet Mayor Ray Toft

Would you believe that Raymond Toft, better known as "Ray," the mayor of our town, the man who directs the town council and who is at present working very hard to see to it that Antioch is one of the best towns in the area, also ran a hot dog stand; worked as a farmer; worked for the Dairy Improvement Association; drove a soft drink truck; owned a successful gas station for 16½ years; was a member of the grade school board; runs a snowmobile shop; manages a race track and now is selling real estate?

I might have left out an item or two.

If one of the qualities for a good mayor is to have a wide background—and many experiences dealing with people, certainly Ray Toft, our mayor, has qualified.

Ray is a product of Antioch in every sense of the word.

He went to grade school and high school here. With the exception of the twenty-one months he spent in the army, 12 of which he spent in Korea, Ray has lived here his entire life.

Although his wife, Joan, is originally from Chicago, she has spent most of her life in Antioch. In fact she graduated from the Antioch high school.

Ray and Joan Toft were married in 1950, twenty years this coming September, another successful project for Ray. They have two fine daughters, Debbie, a junior in high school and Kathy, who is in the 8th grade. Both girls plan to go to college and in turn plan to become teachers.

Ray has been the mayor of Antioch for five years and doing his usual successful job as he has done with all of his projects.

He feels that the job of Mayor is very rewarding. Being a part of a growing and spirited community is always enjoyable.

He also feels that the job of being mayor is getting bigger and sometime in the future we will need to have a full time Mayor or city manager on the job.

Ray's latest interest is in real estate, and like all other projects he has taken on, he does not go half way.

Before beginning to work with Cornelius Real Estate, he went to school during November and December of this past year to learn the business.

On Jan. 7 he received his real estate license.

On Feb. 1 he began to work in the office and out in the field.

This new interest came about through his interest in homes and home designs and of course his interest in people. Through his work in real estate Ray has also been able to get out in the community more, which has helped in his job as Mayor.

Ray's interest in the community is not something new. A few years ago when Antioch was beginning to grow he helped start an auxiliary police force to help our one full time policeman at the time.

He has been a member of our Fire Department for 15 years and is also very active in many community organizations, such as the Lions Club, Chamber, Moose and so on.

The qualities that go to make a leader are basically the will or drive to succeed, the ability to work with people and the vast amount of energy needed to make things go.

All these qualities Ray Toft has and are the reasons for this very likeable person to be a leader in our community.

Ray and his family, from left, Kathy, Mrs. Joan Toft, and Debby, standing.

Snowmobiling is more than a hobby with Ray.

Story and Photos

by

Joe Rush

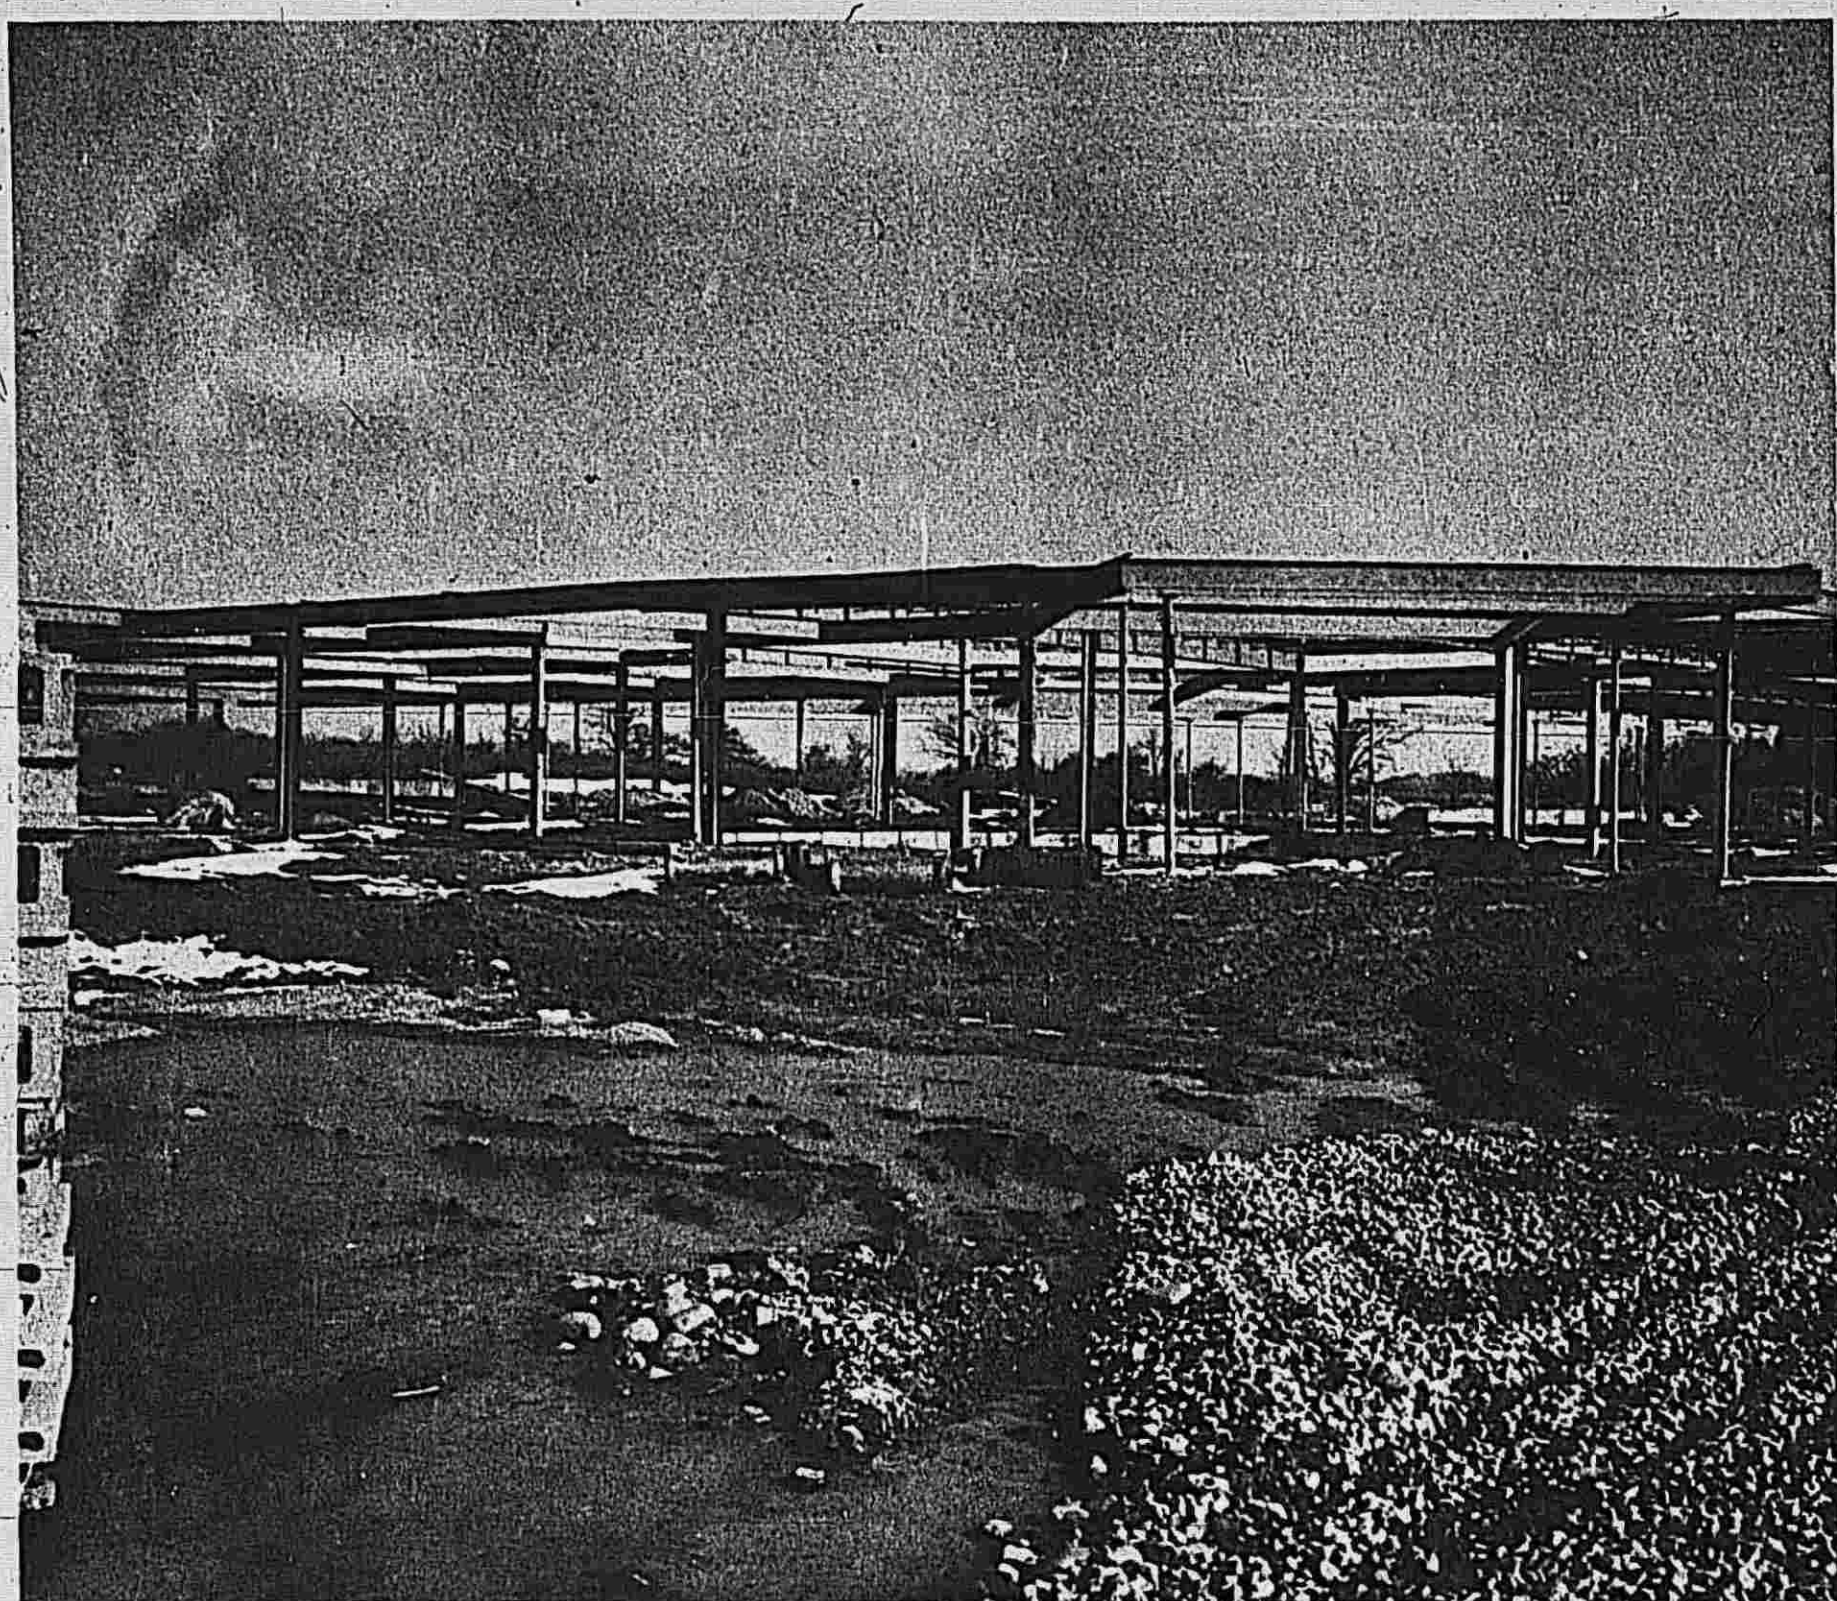

Ray Toft doing his job as mayor of Antioch.

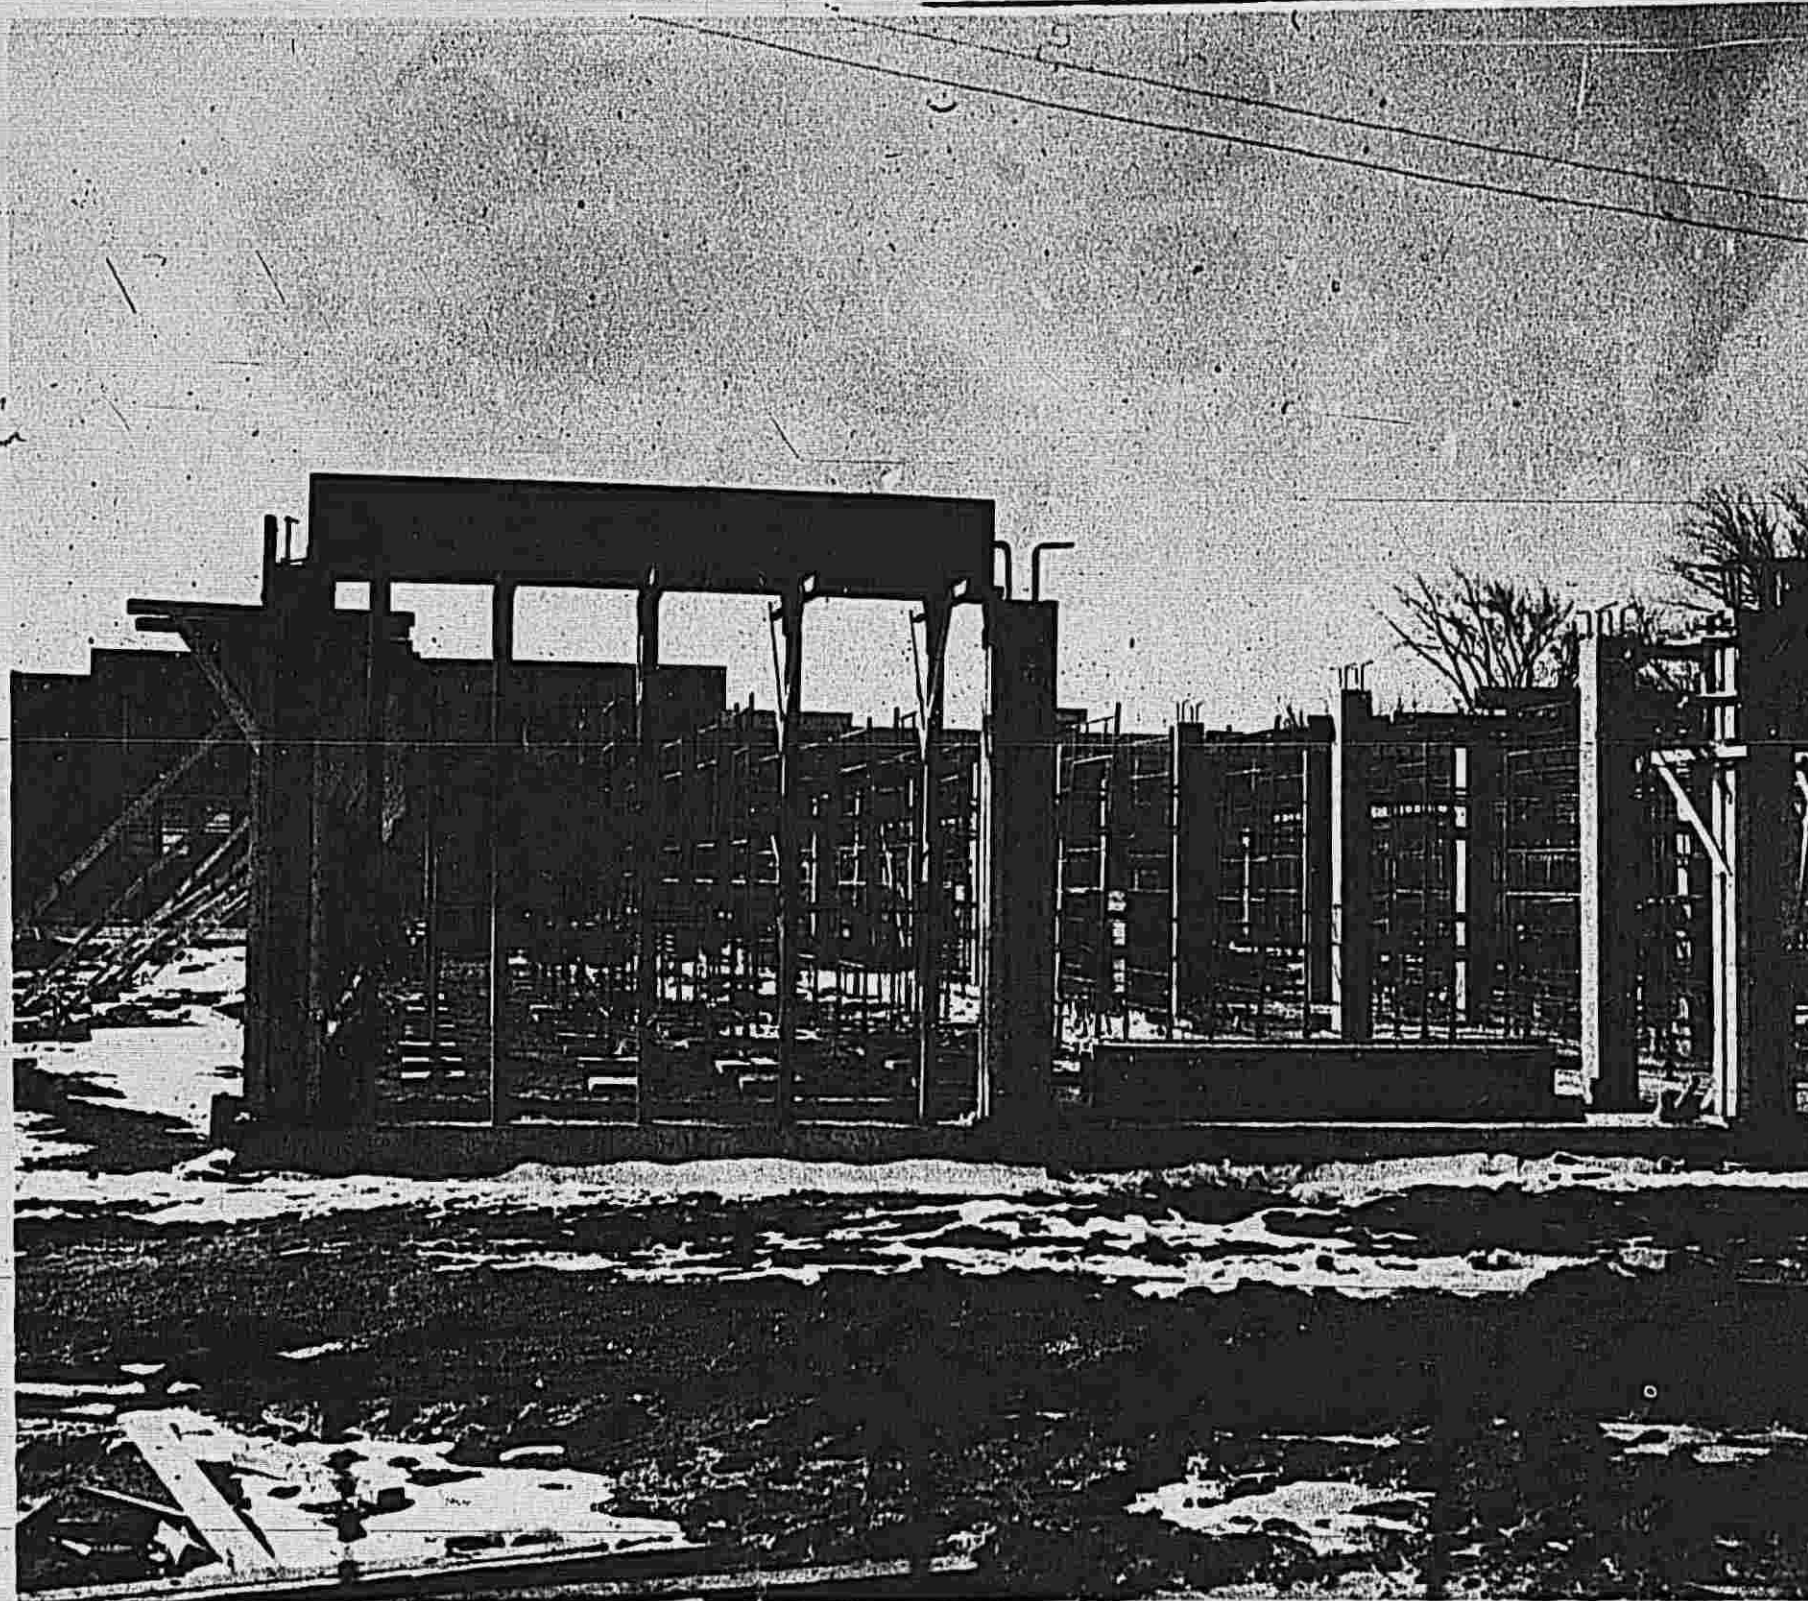

Ray working at the Cornelius Real Estate firm.

Work is progressing well on the new Antioch Grade School Middle School being constructed on Rte. 173 west of Rte. 59.

The addition to the Antioch High School on Main Street is also moving right along. Work was hindered the last two weeks by two snowstorms but has been resumed.

## Parents Are Urged To Protect Children

The Heart Association of Lake County has urged parents to take extra precautions to protect their children against rheumatic fever and kidney disease during the peak season for strep infections in April.

The announcement was made by Dr. Ernest I. Weis of Highland Park, chairman of the association's pediatric cardiology committee.

Rheumatic fever and glomerulonephritis, a kidney disease, which are possible complications of a strep infection, usually can be prevented if the strep is discovered early and treated with proper medication.

"If a child has a sore throat and fever, he should be taken to a doctor, who may suggest a throat culture," said Dr. Weis. "A culture is the only way to determine if the child has strep."

Dr. Weis added that if a child is not treated for strep, he will not necessarily contract rheumatic fever. Only about three per cent of untreated strep cases lead to rheumatic fever.

Rheumatic fever usually can be prevented if the patient with a strep infection takes penicillin orally for ten days or has one long-acting injection.

"The antibiotic must be taken according to the doctor's instructions, even though the child appears to have recovered," Dr. Weis explained.

Strep infections are most prevalent in crowded neighborhoods and spread rapidly in classrooms and among brothers and sisters. Rheumatic fever, however, is not contagious.

According to the Heart Association, only about 20 per cent of rheumatic fever cases result in permanent heart damage. Rheumatic heart disease is caused by an inflammation and scarring of the heart muscle and heart valves, which may interfere with the heart's ability to pump blood. "Children who have had rheumatic fever must be especially careful to avoid recurring strep infections, which could lead to repeat attacks of rheumatic fever and more heart damage," Dr. Weis warned.

The Lake County Board of Health maintains a rheumatic fever registry program, which provides free medication to prevent strep infection for people who have had rheumatic fever.

The Chicago Heart Association has released a new pamphlet, available in Spanish and in English, with important information for parents about rheumatic fever. The literature is being distributed to urban progress centers, schools and doctors' offices. Individuals may obtain the free pamphlet by writing the Heart Association of Lake County, 1410 Grand Ave., Waukegan 60085.

### BUSHNELL TO SING IN COLLEGE PROGRAM

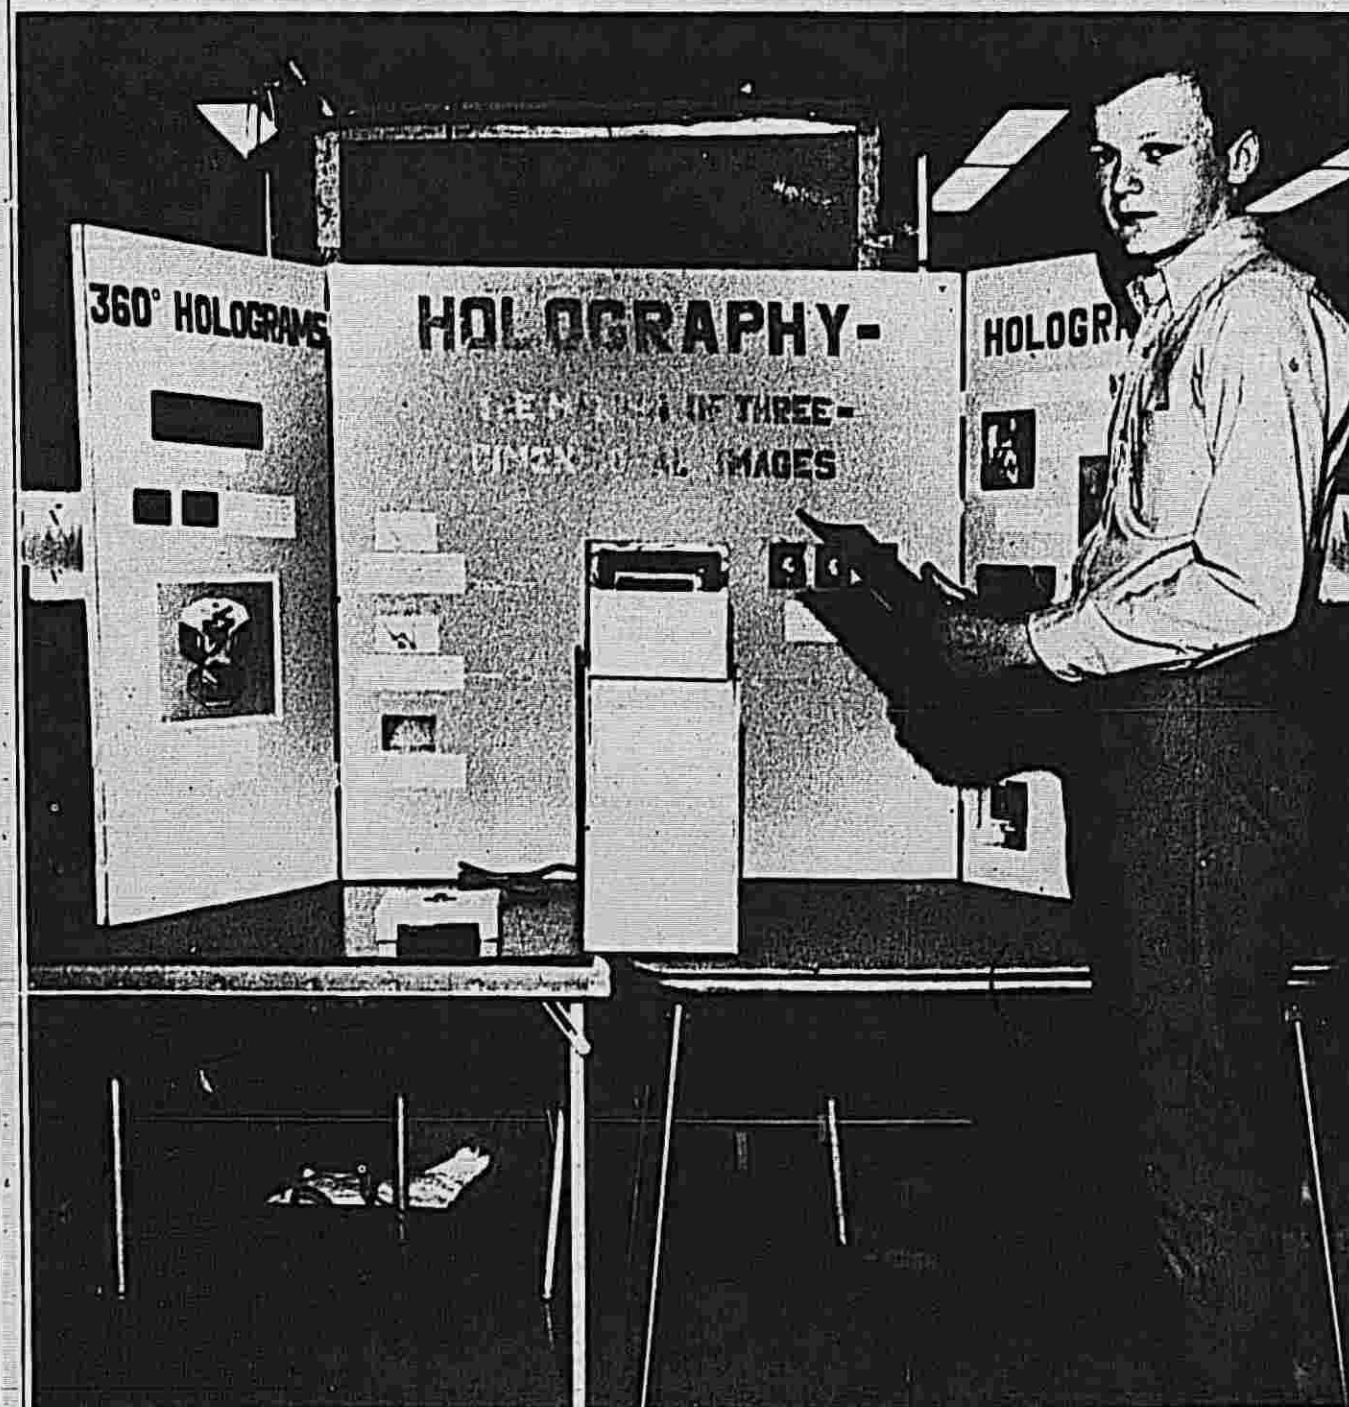

David Bushnell, son of Mr. and Mrs. Warren Bushnell, 1604 N. Columbia Bay Dr., Lake Villa, will sing with the North Central College Oratorio Chorus in a performance of Johannes Brahms' "German Requiem" on Sunday, April 19.

Bushnell is a sophomore at the liberal arts college in Naperville.

## TALES TOLD BY FOSSILS

Randy Roberts of 664 Hillside Ave., Antioch, an 8th grade student at Antioch Grade School, won an outstanding award recently at the Science Fair for his display of Holography.

Gary Soland, of Rte. 1, Box 171, Lake Villa, a freshman at Antioch High School, also won an outstanding award at the Science Fair for his display of Tales Told by Fossils.

## Mental Health Cotillion Almost Here

Antioch Mental Health Auxiliary members have put in a great amount of effort so that you will enjoy your evening at Cotillion '70, on April 18. The only reward they have in mind is a successful turnout for their fifth gala benefit dance.

These women have obtained entertainment, written publicity, planned the menu and the decorations, made countless phone calls, and sold tickets. There is indeed much ado these days behind the scenes of Cotillion '70.

On April 18, the Cotillion will be launched at 6:00 p.m. cocktail party and pre-dinner entertainment featuring "Connie and Jerry 'K'". They are an attractive couple who sing and play songs of today and yesterday. Connie and Jerry appear regularly at the Abbey at Lake Geneva, Holiday Inn in Elk Grove Village, and currently are at the Flame. They are delightful to see and to hear.

Following a full-course dinner with wine, the Freddy Fischer orchestra will play music for dancing. This is a well-known ten-piece group that plays in the Chicagoland area at hotels and country clubs. The Auxiliary thinks they have a sound that Cotillion-goers will enjoy.

The donation is \$10.00 for a memorable evening. All the proceeds of this benefit will go to the Antioch Mental Auxiliary who, in turn, help support the Lake County Mental Society. The Society has established a part time clinic in Antioch as a direct result of the local interest and support generated by the Antioch Mental Health Auxiliary.

The Mental Health Auxiliary operates the Thrift Shop on the corner of Lake and Main Streets. Here, secondhand items that have

## New Programs At High School

The English Department and Social Studies Department of Antioch Community High School are currently involved in several innovative programs.

The first of these is the Remedial Reading Program of the English Department. The program has been operating successfully through the use of a teacher aide, Mrs. Ruth Warren under the supervision of Mr. Bernard Forsmark, the chairman of the English Department, with Mrs. Mary Seemann, former English and Speech teacher, as a resource person.

Students in the program were selected from the Freshman class who were recommended by the individual teacher or by the Guidance Department plus on the basis of a placement test. Twenty-four students were invited to participate on a voluntary basis. Twelve are now in regular attendance. The reading level is in the 3.7 - 6.7 which means as freshmen they are several years below reading level. Using a four pronged communication attack—reading, writing, listening and speaking—the program is developed by Scott Forsman Co. and is called ACE, meaning Activity Concept English. Students meet two hours a week for 50 minutes. There is a lot of individual help because of the small classes. So far the program cannot be evaluated but the students are interested and enthusiastic.

The second innovation of the English Department is operational at the Junior class level. In these classes, run by a team of 3 teachers, Mr. Ken Smouse, Miss Sue Gerasch and Mrs. Frances Waible, students can sign up with their teacher for one of a series

of programs of work that lead to grades of A, B, or C, if they successfully complete the program. This is an opportunity for the student to choose the level at which he wants to perform as well as the grade he wants to achieve.

The Social Studies Multi-Media American History program depends in large part upon the resource center, to give the 300 students in American History the opportunity for extended individual effort. Mr. Gary Allen, Mr. Norman Hahn, and Mr. David McCarthy are the teachers involved in the program. The resource center concept is an area which offers to the student every possible means of learning. The students work on their own; some need more help than others. The teacher's role is one of guiding the students to learn. The facilities needed for such a program are: Learning area, teacher planning area and control or service area. There are four phases to this program:

1. Resource center
2. Group discussion
3. Lecture and films
4. Testings.

Most students respond very well to this type of program.

## G. L. School Rummage Sale On April 14

The Seventh Graders of Grass Lake School will have a Rummage and Bake Sale on Saturday April 11th in the school gymnasium, from 9 to 5 p.m.

Merchandise or clothing in saleable condition can be delivered to the school gym on Friday afternoon April 10th. If a pick-up is needed, call 395-0032 or 395-2546. Mrs. Helen Nolan and Mrs. Alma Bailey are the room mothers in charge of the sale.
